CREWS SEARCH FOR NOBILE'S ARCTIC PARTY

Court Ruling Gives B.C. Large Revenue On Salmon Canning

Federal Government Has No Power to Collect Cannery Licenses and Large Salmon Pack Tax, Supreme Court Decides; Control and Administration of the Fisheries on This Coast Not Affected by New Ruling

RIVER FLOODS CAUSING LOSS

Roads in Nelson and Revelstoke Districts Under Water; Traffic Interrupted

Nelson, May 28.—The water in the West Arm of Kootenay Lake continued to rise this morning. The eighteen-foot mark was passed yesterday afternoon, the rise in twenty-four hours having been nine inches.

If the Kootenay and Columbia River waters come up much more automobile traffic will be at a standstill between Trail and Nelson and between Nelson and Kamlo.

BASEMENTS CLEARED
In Trail the Columbia has risen to such a point that merchants are moving supplies from their basements. Several washouts are reported at various points in the Cootenay district.

HIGHWAY CLOSED
The Nelson-Ymir Highway is closed. Heavy rain over the week-end, nearing two inches, caused two bridges, one at Hall and the other at Penticton, to go out. The Penticton river is a raging torrent and Great Northern Railway section crews are working to keep the rail line open. Traffic over the Nelson-Proprietor Line of the C.P.R. was held up yesterday by a washout five miles from Nelson.

Nelson experienced a bad day yesterday following heavy rains and for a time the city was without water. The city reservoir overflowed and a large gap was made in one of its banks. Several streets suffered damage and the reservoir had to be drained before repairs could be made.

Last evening at 6:30 a reducing valve on the main pipeline from the mountain broke. A small lake formed and then came down the mountain side about a mile from Nelson, causing a landslide about 200 yards long and (Concluded on page 3)

McGEER'S DEMAND FOR POLICE ACTION NOT RECEIVED HERE

Request of G. G. McGeer, K.C., that the Provincial Attorney-General's Department take cognizance of evidence against Police Inspector Jackson at the Vancouver police investigation has not reached Attorney-General Manson yet. While it was announced that Mr. McGeer had written Mr. Manson on the matter, no letter of this sort has been received by the Attorney-General so far. It was stated at the Parliament Buildings. Meanwhile officials declined to comment on the subject.

NARCOTIC CASE APPEALS FAIL

Two Chinese Must Serve Jail Terms, Mr. Justice Morrison Decides

Vancouver, May 28.—Appeals by way of habeas corpus on behalf of two Chinese, Yue Ling and Lung, who were convicted of offences against the Opium and Narcotic Drugs Act, failed in Supreme Court here before Mr. Justice Morrison.

Every defendant shall receive a "fair, large and liberal construction and interpretation as will best ensure the attainment of the act," quoted the judge from the Interpretation Act, in rejecting Ling's contention that distributing opium to one person was not a crime.

MUST SERVE TERMS
The Chinese must serve a two-year term, imposed by Judge Lampman in the County Court at Victoria, and pay a \$200 fine and \$50 costs or serve an additional four months.

A similar fate met the submission of Lung, who also had been convicted at Victoria by Judge Lampman and had been sentenced to six months imprisonment and fined \$200. Lung's counsel argued the omission from the sentence of any provision for the payment of costs rendered the conviction nugatory, but Mr. Justice Morrison decided the word "costs" was merely parenthetical.

JOHN MOORE SEES SUCCESS FOR FACTORY

Bradford Mill Owner Pleased With Progress Made in Victoria

Machinery Will Be Last Word in Modern Worst Practice, He States

"When our plant is erected here we will have the best plant in Canada, and so if we don't do our work right the fault is ours. We are starting with first rate machinery, and a splendid installation all round," stated John Moore, Bradford, England, mill owner to The Times to-day, on arrival in the city from the United Kingdom over the week-end.

INSTRUCTORS ON WAY
"Ninety per cent of the machinery is already here, and the remainder is some special machinery that is being made to order and will be shipped in a little while. Five highly trained worsted mill operators are on the way out from England now by train and will arrive here on Friday. The party includes three men and two women, four of whom will act as instructors to the help we are to employ here," continued Mr. Moore.

"Two of the men and the two women will remain here to instruct the mill hands, and the other man is an erector of the factory that made the machinery," (Concluded on page 3)

BISHOP FALLON CRITICALLY ILL

London, Ont., May 28.—Though the condition of Bishop M. F. Fallon of the Roman Catholic Diocese of London was reported as improved to-day at St. Joseph's Hospital here, he is still in a critical condition, following a serious turn last night. He suffered a cerebral hemorrhage last Wednesday from Toronto, where he had been undergoing special treatment. On Friday his condition was serious and steadily became worse. He received the last rites of the church last night.

U.S. Communists Name Candidate For Presidency

New York, May 28.—William Z. Foster was chosen yesterday by the Workers' (Communist) Party for the second successive time as its candidate for the presidency of the United States. Benjamin Gitlow was selected as Foster's running mate.

H. BOURASSA IN HOUSE STARTS ON EMPIRE DEBATE

Ottawa, May 28.—Henri Bourassa, Independent, Quebec, in the Commons this afternoon moved an amendment to supply expressing regret steps had not yet been taken to give full effect in internal and external affairs to the equality of status recognized by the Imperial Conference of 1926 as the fundamental principle of relations between the self-governing communities of the Empire.

Charles E. Montague Dies in England

Manchester, Eng., May 28.—Charles Edward Montague, sixty-one, of England's best known writers, died of pneumonia at his home to-day. He was a son-in-law of G. P. Scott, editor of The Manchester Guardian. For many years Mr. Montague was the chief editorial writer of The Guardian. He was the author of several novels.

NEW YORK STOCK PRICES DECLINE

New York, May 28.—The upward movement in high priced stocks on the New York exchange, which was making rapid strides late this afternoon, met an insurmountable obstacle with an increase in the rate on the \$2.10 figure to 6 1/2 per cent, the highest since July, 1921, which brought an avalanche of selling orders into the market, driving some of the pivotal shares down 25 to 50 a share.

PUBLIC HOLIDAYS ARE PROCLAIMED

Monday, June 4, was proclaimed a public holiday in British Columbia by the Government to-day in celebration of June 4, the King's birthday, which falls on a Sunday this year. A similar proclamation makes Monday, July 2, a holiday as Dominion Day will fall on a Sunday also.

COME SOUTH AFTER FLYING ACROSS NORTH POLE REGION

Capt. George H. Wilkins (right), Australian explorer, and Lieut. Carl Eielson, Alaska pilot, according to dispatches, were to leave Oslo, Norway, to-night, for Copenhagen, on their way south after their aeroplane flight across the North Pole from Point Barrow, Alaska, to Spitzbergen. Wilkins and Eielson were in Oslo while Capt. Roud Amundsen and Capt. Otto Sverdrup and others were aiding the Norwegian Government with its plans for an expedition to search for the North Pole dirigible Italia, and its crew of eighteen.

UNITY IN CHINA BUT AN IDEAL

No More Tangible Than Visionary U.S. of Europe, Says Sir Cecil Clementi

Unification of China is but an ideal and no more tangible than the visionary united states of Europe, according to Sir Cecil Clementi, K.C.M.G., Governor of Hongkong, who reached Victoria yesterday from the Orient on board the C.P.R. liner Empress of Russia.

Taking the European continent as a parallel, Sir Cecil pointed out that exactly as European nations speak different languages although all use the same Latin alphabetic symbols, so in China there is a multitude of tongues, although the characters are similar. Color, he emphasized, is no bond. As with the white nations of the West, a yellow skin is a tie when it comes to race against race, he said. But otherwise, Sir Cecil believed there was no greater kinship among the diverse elements of the Chinese people than among the countries of the European continent.

REGIONAL GOVERNMENT

A tendency toward the establishment of regional governments was seen in Kwangtung, now dominated by Marshal Li Chai Sun.

Man to Be Given Opium Sentence

Vancouver, May 28.—Found guilty of having in his possession 108 tins of opium, J. Peterson, ex-chief steward of the Danish motorship Tacoma, which sailed from here Saturday last for the Orient, will face sentence on Wednesday next.

LITTLE JOE

THE MAN WHO SAID "I DON'T KNOW WHERE I'M GOING, BUT I'M ON MY WAY," WAS LIKELY LEARNING TO DRIVE A CAR.

THREE SENTENCED FOR SWEEPSTAKES TICKET SELLING

Vancouver, May 28.—The unusual sentence of one day in jail and a fine of \$50 each was meted out to A. Young, Dave Fodman and Harold King in police court here this morning when they pleaded guilty to a charge of offering sweepstakes tickets for sale.

WITNESS TELLS OF BRIBE MONEY

Chinese in Vancouver Testifies About Reduction of Narcotic Charge

Vancouver, May 28.—That Detective Jack Parsons, formerly a patrol sergeant, asked him for money after a charge of having narcotics in his possession had been withdrawn in police court, was the declaration of Wing Ching, Chinaman, at this morning's session of the Vancouver police inquiry.

Wing Ching swore his father had paid \$50 to a Chinaman named Jung Ke to get the charge withdrawn and that Jung Ke had paid the money to someone.

The witness admitted he had been in the habit of going aboard vessels from the Orient and purchasing narcotic drugs from members of the crew and selling this to addicts.

INVESTIGATION ASKED
Following the Chinaman's evidence in regard to the payment of money to have the charge withdrawn, G. G. McGeer, K.C., counsel for Police Commissioner T. W. Fletcher, demanded this case should be investigated by the city prosecutor. The prosecutor had been delinquent, he declared, and he (Mr. McGeer) proposed to investigate.

In reply to a question by Mr. McGeer, Wing Ching stated he had been arrested by two detectives while delivering three packages of opium to a white woman in a West End apartment house. The charge, he said, had been reduced to smoking opium, and he had been fined \$50. He declared again that his father had "paid someone," but he did not know who.

INSPECTOR TO TESTIFY

W. W. MacInnes, shortly after this morning's session opened, informed Commissioner B. S. Lennie he was applying for a writ of habeas corpus.

WELL-KNOWN MAN IS NOMINATED IN DEWDNEY RIDING

David Whiteside, K.C., one of the best-known and respected men in the public life of British Columbia re-entered active politics with nomination as Liberal candidate in Dewdney Saturday night. His election in the Fraser Valley riding is regarded as virtually assured. Mr. Whiteside represented West Westminster in the Provincial Legislature from 1916 to 1924 and during that time was one of the most prominent members of the House. He was the accepted authority on municipal legislation in the Assembly. He retired in 1924 owing to the pressure of private business, but now is re-entering public life in the neighboring constituency of Dewdney.

Ships Cruise In Northern Sea For Airship Italia And Plane Soon to Search

FIREMEN FIGHT BUSH BLAZE

Fire in Oak Bay Takes Two Hours to Quell; Three Other Calls

City firemen experienced a busy time this morning, no less than four calls being responded to in three hours. The first assumed a dangerous aspect through the high wind that swept the city and district.

A chimney fire at 169 Beach Drive necessitated the attention of one truck at 9:13 o'clock.

Getting out of control through the wind, a blazing sawmill pile at the corner of Piquet and Store Streets caused the next call at the central station. This required half an hour's work on the part of the firefighters.

RIOTS ON SHORE OF THE ADRIATIC

Jugoslav and Italian Fascist Outbreaks at Zara and Elsewhere

Belgrade, May 28.—Belgrade newspapers to-day said Italian Fascists attacked the Jugoslavians consulate at Zara Sunday and injured Consul Simich. He was taken to a hospital. Other members of the consulate staff were manhandled.

Anti-Italian riots occurred in Zara on Saturday in connection with demonstrations over the decision of the Jugoslav Government to ratify the Nettuno convention, which would permit Italian citizens to own land within thirty miles of the Adriatic coast of Jugoslavia. Various counter-demonstrations against Jugoslavia also took place.

CHARGE FOLLOWS AUTO ACCIDENT

Two Men in Hospital in Vancouver as Result of Mishaps at Week-end

Vancouver, May 28.—Two men are in a hospital here severely injured as the result of automobile accidents over the week-end. Two women suffered less severe injuries.

Ralph Nabu was severely injured when struck by an auto driven by George Cook, McGill Street, at Hastings Street and Hawks Avenue Saturday night and was taken to a hospital. Internal injuries are feared.

Eulla Arnest has a broken arm, internal injuries and scalp wounds, as the result of an accident which caused Walter Shinnick, Comox Street, to be taken into custody on a charge of driving to the common danger. According to police reports, the injured man, with a companion, was waiting for a street car at Hastings Street and Clark Drive at 1:45 a.m. when Shinnick approached in his auto. Arnest was struck by the machine.

APPEARS IN COURT

The injured man was taken to a hospital, while Shinnick was placed under arrest, later being released on bail of \$3,000. Adjournment of one week was ordered when the accused appeared in court to-day.

As the result of a collision between an auto in which she was riding at Union Street and Heatley Avenue Sunday, Maide Jordan, Nineteenth Avenue West, suffered cuts and bruises, while through a similar collision at Kingsway and Twelfth Avenue, Mrs. Olivia Possango of Blaine, received bruises and shock.

COMMISSION IS TO INQUIRE INTO RADIO CONTROL

Ottawa, May 28.—A commission is to be created "to inquire into the radio broadcasting throughout Canada and to advise the Government on future administration, control and finance," it was announced when supplementary estimates were tabled in the House of Commons Saturday night.

No Direct Word From Gen. Umberto Nobile and Seventeen Fellow Explorers, Missing Since Last Radio Message Received From Them May 25 While They Were Returning From North Pole to Spitzbergen

Oslo, May 28.—Lieut. Luetzow Holm, Norwegian flying ace, started at noon to-day from Horten with a Norwegian navy aeroplane for Tromsø on the first leg of a trip to Spitzbergen to begin a search in the air for the missing dirigible Italia and its crew of eighteen.

Lieut. Holm, who intends first to explore the northern and northeastern coasts of Spitzbergen, hoped to arrive at Tromsø at midnight. He will immediately board the sealer Hobby, hired by the Italian Government for the Spitzbergen trip, which is ready to start as soon as it has the naval monoplane aboard.

Lieut. Holm is accompanied by a mechanic. The steamer Braganza, which also is at Tromsø, started to-day for Spitzbergen. Her commander will get in touch with the Italian ship, the Citta di Milano, and will assist in the search for the Italia.

BASE SHIP SEARCHES
The Citta di Milano is searching to-day, having left King's Bay at 9:30 a.m. yesterday, heading for Amsterdam Island, just off the north coast of the main island of the Spitzbergen group.

WEATHER STUDIED
Arctic experts spent the week-end discussing all possible contingencies concerning the Italia. In view of meteorological reports, Capt. Riser-Larsen said the Italia probably had landed somewhere north of Spitzbergen, and that it was not likely the craft had been driven any farther.

Lieut. Holm therefore has been given orders to fly from King's Bay northward, searching along the ice-covered coast of north and eastern Spitzbergen. If this theory should prove correct, it is felt there is good hope the crew of the Italia will be rescued.

Preparations are being rushed for a large scale auxiliary expedition to search for the missing dirigible, but it is understood the details will be concluded to-night.

No word as to the exact plans has been divulged, and the Italian Legion refuses any information. It is believed, however, that Capt. Riser-Larsen, second in command of the North Pole voyage of the Norge in 1926, will be leader.

Roud Amundsen, the famous Polar explorer, and Capt. Otto Sverdrup, widely experienced Arctic explorer, have been called into consultation and given extensive advice, but probably will not participate in the rescue expedition.

WALKING TRAVELS SOUTH
Capt. George Wilkins and Lieut. Carl Eielson, who recently arrived in Norway after an aeroplane flight across the top of the world from Alaska to Spitzbergen, also were asked to participate, but it is understood they could not see their way clear and will (Concluded on page 3)

CONSTABLE KILLS MAN BY MISTAKE

Taxicab Driver in New York Loses Life; Gang of Robbers Escape

New York, May 28.—A taxicab driver, who with three companions was forced at pistol point to act as a shield for seven holdup men robbing a lower East Side restaurant here early this morning, was fatally wounded by a policeman who mistook him for one of the bandits.

The policeman, who had been attracted by the sound of a shot fired by one of the robbers, arrived just as the four chauffeurs were attempting to escape from the infuriated diners, who thought the men were part of the gang that had robbed them of \$8,000 in cash and jewelry.

He opened fire, shooting two of the men, and fell another with his night stick. Louis Misheken, who was shot through the chest, died a short time later in a hospital. Another is in a hospital, with a bullet wound in his thigh, and a third with lacerations of the scalp. The fourth driver was only bruised.

CASH TAKEN
The four chauffeurs were grouped around their taxicabs, which were standing in front of the restaurant, when the seven robbers came along the sidewalk. They forced the drivers to accompany them inside, where they systematically robbed the forty guests of their cash and valuables.

When the robbers made their escape the infuriated diners, thinking the chauffeurs were members of the gang, attacked them, throwing chairs and crockery. Escaping from the restaurant, the chauffeurs were met by the fire of the policemen.

ONE BID ON GRAIN BONDS

Sum of \$500,000 Offered on Basis of \$98.425 Per \$100 in Single Offer

Catching the market at an off period after recent heavy flotations, bonds of the Panama Pacific Grain Terminals Limited, to raise \$500,000, were bid on at a discount of \$1.575 per \$100, when the finance committee of the City Council opened the bid at 11 a.m. to-day.

Only one bid was received on the issue, which is guaranteed both as to principal and interest by the corporation, and will bear interest at five per cent, and this was the bid of the Canadian Bank of Commerce, which offered \$500,000 even for the issue of \$508,000, or on the basis of \$98.425 per \$100.

The last bond issue floated under city direction was the refunding issue of some \$588,000 to replace local improvement debentures of a higher interest-bearing rate. These reached the market early in the year, and brought thirteen bids, the highest, that of Branson, Brown and Company Limited at \$103.99 per \$100, being accepted. Some \$500,000 of the issue was resold later to a nationally-known life insurance company for investment purposes.

The disparity between the bids on the city's own issue in March, and the issue of the city-guaranteed bonds of the Panama Pacific Grain Terminals Limited to-day, was accounted for by the heavy financing that has taken place recently by the taking up of large issues of debentures in industrial and other loans offered to the public.

Acting Mayor F. R. Brown, and members of the finance committee, with D. S. Tait, counsel for the Panama Pacific Grain Terminals Limited, took the single bid received under advisement, and will report to the City Council to-night. Had the issue been placed on the market a little earlier a better price would have resulted, it was stated.

Meanwhile the city must either accept the bid, in conjunction with the grain elevator company, or else call for fresh tenders.

BODIES OF TWO SAILORS FOUND

Further Search For Men Lost in Lake Superior Last Fall Planned

Fort Arthur, Ont., May 28.—Further search of the western shore of Isle Royale, forty-five miles south of Port Arthur, probably will be undertaken by vessels of the Canada Steamship Lines as a result of the finding of two bodies from the steamer Kamloops, which foundered during a heavy storm last December.

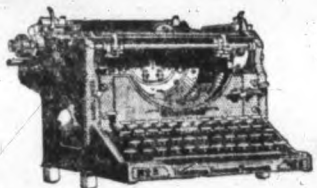

The bodies, which were brought to this port by the United States coast-guard cutter Crawford, were in a bad state of decomposition. One body was identified as that of J. Journault, Sault Ste. Marie, Ont., while nothing was found in the clothing of the other victim to reveal his identity. Both bodies were supported by life-preservers.

Discovery of the bodies is accepted here as confirmation of the belief, which was general here last fall, that the Kamloops went to her doom on the rocks off Isle Royale. The Kamloops carried a crew of twenty-two, including two women cooks, and a large amount of cargo. Considerable wreckage and cargo are reported to be strewn along the Isle Royale shore.

Lieut.-Col. Sir V. Mackenzie Visitor En Route to Home in Aberdeenshire
 After being in command of the Second Battalion Scots Guards for four years, Lieut.-Col. Sir Victor Mackenzie passed through the city yesterday on the liner Empress of Russia from Hongkong.
 Before leaving Hongkong, Sir Victor turned over the command of his regiment to Lieut.-Col. E. Warner.
 Sir Victor stated that he did not intend to return to the Orient, but would spend some time at his country seat in Aberdeenshire pending appointment to another military post.
 He stated that the British troops now quartered at Hongkong numbered about 3,000 men, comprising the Scots Guards, King's Own Scottish Borderers and the Queen's regiments, together with an Indian regiment.
 During his stay in Hongkong Sir Victor Mackenzie became very popular and was much banqueted on the occasion of his departure.
 Another military traveler on the Empress of Russia was Col. D. C. Cameron, O.B.E., son of Sir Hector Clare Cameron, octogenarian knight of Glasgow, who is on his way from the Far East to Scotland.

TRIP TO ARCTIC
 Ottawa, May 28.—Cornelius Ossgood, twenty-three-year-old Chicago scientist, to-day is on his way to Edmonton on the first stage of his solitary trip to the Arctic region, on which he will carry on research work and write a thesis for the degree of Doctor of Philosophy and Anthropology. Mr. Ossgood, who will work under the direction of the National Museum of Canada, left here Saturday night after being in Ottawa since Thursday morning conferring with museum officials.

1,400 Gather in Spectacular Whitsuntide Festival
 During the more than half-century of its existence, the hallowed surroundings of the old Christ Church Cathedral can never have presented a more vivid and picturesque scene than that of the Children's Festival, held on Saturday afternoon, when 1,400 boys and girls gathered from the city, and many places on Vancouver Island.
 Each parish group sat with their surpliced clergymen, and accompanied by their uplifted banner in the old cathedral. A procession, led by the cathedral choir boys and sixteen young people, who wore costumes designed after the thirteenth century style of dress, wended its way to the new cathedral.
 The first part of the service was conducted by the Dean of Columbia, Very Rev. C. S. Qualman.
 The hymn, "Brightly Gleams Our Banner," was sung as the procession was formed to the new cathedral. As soon as the hymn was concluded, the cathedral chimed pealed out to accompany the long lines of children on the road to the new building. Upon arriving at the entrance, the choir began singing the hymn, "O Enter Then His Gates With Praise," ending with the words of the "Doxology" as they passed under the great doorway of the west front.

AT THE BAPTISTERY
 Turning south, the cross-bearer led the procession to the baptistery, where the Bishop of the diocese awaited the children under the children's arch. Around the Bishop were a number of clergymen wearing cassock, surplice and hood. Behind these, were ranged the many colored banners of the parishes represented at the festival. Above, were the stately windows and mouldings of the baptistery walls, and below the young people in thirteenth century costume, who were joined by the surpliced choir boys as soon as they had completed the round of the south ambulatory and nave.
 For a long time, children continued to stream in, waiting for a moment or two to recite a verse of Scripture or to place upon a table their own gift towards the construction of the "Children's Corner."
 When all were again in position facing the Bishop, short verses of Scripture were read, with a copy of the original "Authorized Version" of the Bible lying open on the table. The children's offerings were solemnly presented to the accompaniment of another hymn.

BISHOP'S ADDRESS
 Then followed a short address from the Bishop, who welcomed the children to their first service within the aisle walls of their new cathedral.
 The Bishop referred to the great interest shown in the construction of the children's corner, in the children's arch, and the three windows in the baptistery, which he hoped could soon be filled with stained glass. He urged those present to tell others about the plans for the children's corner, so that it could be completed and ready for use as soon as possible.
 Nearly 400 children, who had come from various up-Island parishes were afterwards entertained at tea in the Memorial Hall gymnasium, under the direction of parents and members of the cathedral parish, assisted by Mr. and Mrs. J. W. Robinson.
 The seating arrangements in the old cathedral, and the orderly conduct of the procession, to the new building, were well directed by the senior boys' Bible class of the cathedral, acting under Mr. George Patt. Harold Davis, the cathedral choir-master, conducted the singing, and G. Jennings Burnett, organist of St. John's Church, accompanied the hymns in both the old cathedral and the new building. The cathedral verser, A. C. Melnush, rang the chimes before and during the procession. The festival, as a whole, had been planned by the children's committee, consisting of representatives from a number of parishes in the diocese, under R. A. Wootton as chairman.

Lecturer Says Sunday Is Not A Sacred Day

"There is not one text in the Bible that says that Christ or His disciples ever kept the first day of the week commonly called Sunday, nor is there one text between the covers of the Bible that says that Sunday is a sacred day and should be kept by Christians," declared Professor Charles T. Everson last night to a large audience at the Big Tabernacle on Pandora Avenue and Vancouver Street.
 "In fact, the first day of the week (Sunday) is only mentioned nine times in the whole Bible. If anywhere it spoke of its sacredness it would be in connection with one of these nine texts."
 "It can be plainly seen that nowhere in the Bible is it taught that Sunday is a sacred day and should be kept by anybody," said the lecturer.
 "The Seven Words That Will Overthrow the League of Nations" is the subject of the lecture for discussion Tuesday evening at 7.45. There is no lecture to-night.

Colwood
 Colwood, May 26.—The regular monthly meeting of the Colwood Women's Institute was held Wednesday afternoon in the institute rooms, there being a good attendance.
 The secretary, Mrs. C. Goodall, delegate to Island District Conference recently held at Duncan, read a comprehensive and interesting report of said conference. Of special interest to Colwood members was the discussion that had taken place at conference pertaining to a suitable memorial to Mrs. A. Hoodless, the founder of the first Women's Institute. This movement was started by the Colwood Institute some months ago.
 The president, Miss Kelly, opened up a round table discussion on immigration, as to its relation to Colwood and the Province as a whole. Many members entered into the discussion. Consensus of opinion appeared to be that immigration would improve the conditions in British Columbia in general. Tentative arrangements were made for the garden fete to be held on July 18 at Hatley Park, the institute being

New Models in Silk Sports Frocks

Your Money Back If You Can Buy for Less

very grateful to Mrs. Dunsmuir for her courtesy in this regard. Proceeds of the garden fete will be donated to the Solarium. Committees will be formed at a later meeting.
 All members are urged to be present at the first quilting bee, the same taking place Wednesday, May 30 at 7.30 p.m. in institute rooms.
 Miss Hawkeswood, senior teacher in Colwood School, outlined the system to be adopted for the spelling competition taking place in June for the eight different grades. Eight prizes will be given by the institute for proficiency in spelling in place of the one prize given in the past for the pupil obtaining the highest marks in the entrance examination.
 The tea hostesses were Mrs. E. Shields and Mrs. John Goodall.
 Mrs. MacIwaine, Ocean Beach Lagoons, has returned to her home after visiting friends in Victoria.
 Mrs. John Goodall has recently had as her guests Mrs. W. Watt of Esquimalt; also Mrs. Watt's niece, Joyce.
 Colwood, May 28.—An illustrated lecture was shown under the auspices of the Canadian Forestry Association in Colwood Hall Friday evening. W. Bosworth acted as chairman. A short address was given by E. V. Ahlert, Vancouver Island representative of Canadian Forestry Association.
 Miss J. Ramsay has been a recent guest of Mr. and Mrs. Carnegie.
 The members of St. John's Sunday School, Colwood, attended the Festival at Christ Church Cathedral, Saturday afternoon. The vicar is most grateful to all who assisted with the transportation.

Scalloped Pleats
 The lower edges of three 4-inch pleats in a figured brown and rose moire frock are scalloped while the plain back is as long as the tip of the scallops.

WICKER FLOWER BASKETS
 We carry a good stock on hand from 75c up.

THE GOVERNMENT'S HEALTH CRUSADE

PREMIER MACLEAN TOLD THE LIB-
erals of New Westminster last Friday that the
policy which the Government had followed in the
fight against tuberculosis had very considerably re-
duced the number of victims during the last ten years.
Progress made in that period was all the more note-
worthy because the number of cases in the previous
ten years had practically doubled. Traveling medi-
cal health officers and a vigorous campaign of edu-
cation had brought about the striking improvement.

As a medical man, also appreciative of the eco-
nomic value of the human asset, this question of the
prevention and cure of tuberculosis naturally is of con-
cern to Premier MacLean. If the Department for
which he is so long was responsible had done nothing
else except reduce the annual toll which this disease
has been taking every year, it would have accomplished
more than a great many people in British Columbia
realize. The Government did an excellent stroke of
business for this Province and its tuberculous popu-
lation when it took over the institution at Tranquille
and increased its capacity and usefulness. That
establishment is a model of its kind and a credit to
British Columbia.

There is still much to be done, here as elsewhere,
in the battle against tuberculosis. No province has
gone as far as it should go unless it can give the tu-
berculous suspect the same attention and chance to
throw off the advancing enemy as it gives, for instance,
to the mentally deranged. Many sufferers from the
malady in its incipient form could be cured and
saved as producing assets if they could have proper
attention in time and such after-care as their cases
might determine. In these matters, however, we do
not remember anything very constructive coming from
the opposition party in the House. Its time largely
is taken up with matters of little moment.

"WHAT OF THE CONSUMER?"

PROFESSOR FARR'S LETTER IN OUR
correspondence column on the refinancing of the
B. C. Power Corporation evinces an optimism in re-
gard to the situation which has arisen from this de-
velopment which many people no doubt would like
to share. They would like to feel assured that in
this instance "setting a value upon the capital will
not avail to dictate the terms" upon which the pro-
ducts of the company will be sold. They would like
to take this charming theory to their bosoms and em-
brace it with an equanimity equal to that of the
professor but unfortunately grim practical experience
as well as an equally grim record of practical
facts make it difficult, if not entirely impossible, for
them to do so. As a general principle, we suggest
to our correspondent that if he ever should go into
business and try to determine income without first
considering capital, the sheriff would claim him
for his own in very short order. That would be
putting the cart before an entire squadron of horses.

There are very few public utility corporations
on this continent where the value set by them upon
capital does not dictate very largely the terms upon
which their products are sold. Indeed, the records
of Parliament at Ottawa and of Congress at Wash-
ington are full of instances in which claims of com-
panies for the right to increase rates are based upon
the necessity of protecting those who have invested
money in their securities. During the war a parlia-
mentary investigation at Ottawa disclosed the un-
pleasant fact that the public was paying the price
on products of one company—not a public utility—
based upon a capitalization which was more than five
times the amount of money actually invested in the
enterprise. Admittedly, the real value of the concern
was not expressed by the amount of its capitalization,
but unfortunately the public had to pay on the ficti-
tious value.

Nor does the record in relation to the B.C. Power
Corporation justify our correspondent's optimism.
When the capital of the company was \$25,000,000,
its officers urged, in reply to demands for reduced
power, lighting and transportation rates, that the in-
vestors of the company should be assured of a rea-
sonable return on their investment and that the best
interest of this Province, its prestige and reputation,
required that this be provided for. In fact, to help
to meet that requirement the transportation rates were
increased. Jitneys were debared from competing
with the company's street railway service and other
readjustments were made. Now, in view of the fact
that the holders of the \$55,000,000 of stock newly
issued are being assured of a reasonable return upon
their investment on the basis of "past achievement
and income," the prices of the products of this com-
pany as paid by the public at that time must have
been more than "reasonable" and the various ad-
justments to which we have referred were not ac-

tually required to "protect" those who held the \$25-
000,000 of securities.

If that past achievement and income are not suf-
ficient to assure such return on the new capitalization
of \$80,000,000, the company obviously must in-
crease its rates. Certainly it will not reduce them, and
they are high enough now in comparison with similar
rates elsewhere. Our correspondent may take it from
us that if he made an application for a reduction of
rates the company would say that owing to the ne-
cessity of protecting its investors it was impossible to
accede to his request. Yet not a cent of the increased
capital represents any new work carried out in con-
nection with the company's projects in this Province.

Nor does the company enjoy a monopoly of water
powers in British Columbia and there is no prospect
of it doing so. It has not even a monopoly of the
water powers of Bridge River where its latest large
development is going on. No doubt as population
increases—and the public is the sole source of revenue
—power companies are bound to enter the field and
the element of competition will arise. For the pre-
sent, however, we must face the facts that the com-
pany's rates will be determined upon the new capital
of \$80,000,000 as they were upon the old capital
of \$25,000,000. The proof of this pudding, like all
other puddings, will be found in the eating thereof.

MR. WHITESIDE NOMINATED

LIBERALS IN THE PROVINCIAL CON-
stituency of Dewdney have made no mistake in
selecting Mr. David Whiteside of New Westminster
to be their standard-bearer at the forthcoming gen-
eral elections. He not only is a staunch Liberal, but
is also an able parliamentarian, having sat in the
Legislature as New Westminster's member for eight
years. In that period Mr. Whiteside proved his mettle
in debate, his thorough grasp of provincial con-
ditions, while his straightforwardness made him popu-
lar on both sides of the House. He was one of the
members during those two parliaments who was able
successfully to remain silent unless he had something
of importance to talk about—an example which some
of our more loquacious representatives might follow
to their own advantage, and save much time that so
frequently is wasted on trivialities and village politics.
It will be recalled that when the commission was sent
to Europe to investigate the soldiers' vote in con-
nection with the general election of 1916 it was Mr.
Whiteside who was selected as its chairman, his fel-
low commissioners being Mr. Charles F. Nelson, then
member for Slocan, and Mr. F. A. Pauline, then
member for Saanich. In the conduct of that im-
portant inquiry, involving much unpleasant investiga-
tion, Mr. Whiteside amply justified the confidence
reposed in him by the Government. His return to
the Legislature, therefore, should be heartily welcomed.

MORE RAILWAY BUSINESS

IN APRIL THE GROSS EARNINGS OF
the Canadian National Railways were \$19,811-
399 compared with \$18,913,095 for the correspond-
ing month of last year—an increase of 4.75 per cent.
The net earnings for last month amounted to \$2,884-
286 compared with \$2,737,262 in April 1927—
an increase of 5.37 per cent. In the first four
months of this year, moreover, there was an increase
over the corresponding period of last year totaling
\$2,395,298, the figures being \$13,408,280 and
\$11,012,981.

Railway earnings indicate fairly accurately the
general state of business throughout the country and
this summary of the value of traffic over the Cana-
dian National system follows closely upon Mr.
Beatty's recent comments in respect of the business
of the organization over which he presides. When
he was in the province the other day he declared that
his company's business in British Columbia was satis-
factory and increasing all the time. No doubt Sir
Henry Thornton could say the same about the Cana-
dian National.

If more of our public men, especially those who
frequently paint pictures of a Canada continually pour-
ing her population into the United States, would use
the tributes which our leading businessmen and fi-
nancial authorities pay to economic conditions as a
means of advertising Canada, they would at least
be doing something towards inducing people to come
here to stay in the country. But they so easily fall
a prey to the temptation to play small politics in the
hope of making political capital. Canada has to
pay for a good deal of that sort of business.

WHAT OTHER PAPERS SAY

PARENTHOOD: A PROFESSION
From The New York Sun

It is city life which warrants use of the word pro-
fession in discussing parenthood. In a more leisurely
era and in an environment more natural children may
be left largely to look after their own development.
The farm, the field, the swimming hole, the barn, the
ball lot, the trout stream afford opportunities for health-
ful recreation and enjoyable instruction. The absence
of these in the city makes the problem of the thinking
parent no easy one. He sends his child to a school
well equipped to carry out the requirements of the
curriculum; but for the vast majority of children, school
lasts but five hours a day. Time devoted to play is
spent on the streets or in whatever concrete paved play
grounds there may be available. No wonder one ob-
server, comparing the city child with his country cousin,
has declared that the urban youngster is fed with canned
education from which the vitamins have been removed.

THOUGHTS

It is good for us to be here.—Matt., xvii, 4.
The wise man becomes full of good, even if he
gather it little by little.—Buddha.

Life's Niceties Hints On Etiquette

1. When traveling on a Pullman,
does a woman prepare for bed in the
dressing-room?
2. Do well-mannered persons ever
carry knives when traveling on a first-
class train?
3. Must one tip the maid on a
limited train?

THE ANSWERS

1. No. She should slip out of her
dress and into a Pullman robe in her
berth. She should go to the dressing
room to wash and do her hair.
2. Yes. Some rich people prefer
home-made sandwiches to diner ser-
vice.
3. Certainly, if she performs any
service for you.

The WEATHER

Daily Bulletin Furnished
by the Victoria Meteor-
ological Department

Victoria, May 28—9 a.m.—The barometer
is falling on the coast and unsettled, cool
weather is becoming general eastward to the
prairies.

Reports

Victoria—Barometer, 29.78; temperature,
maximum yesterday, 67; minimum, 49; wind,
16 miles S.E.; rain, trace; weather, cloudy.
Vancouver—Barometer, 29.84; temperature,
maximum yesterday, 64; minimum, 50; wind,
4 miles E.; weather, cloudy.
Saanich—Temperature, maximum yester-
day, 68; minimum, 50; wind, 4 miles E.;
weather, cloudy.

Prince Rupert—Barometer, 29.68; tempera-
ture, maximum yesterday, 60; minimum, 46;
wind, 16 miles S.E.; rain, .04; weather,
cloudy.

Estevan Point—Barometer, 29.50; tempera-
ture, maximum yesterday, 60; minimum, 46;
wind, 16 miles S.E.; rain, trace.

Talooch—Barometer, 29.74; temperature,
maximum yesterday, 54; minimum, 50; wind,
12 miles E.; rain, .54; weather, raining.

Seattle—Barometer, 29.90; temperature,
maximum yesterday, 60; minimum, 50; wind,
4 miles W.; rain, .08; weather, raining.

San Francisco—Barometer, 29.98; tempera-
ture, maximum yesterday, 68; minimum, 50;
wind, 4 miles W.; weather, clear.

Pestien—Temperature, maximum yester-
day, 83; rain, .52.

Other People's Views

Letters addressed to the Editor and in-
tended for publication must be short and
to the point. The longer an article the
shorter the chance of insertion. All com-
munications must bear the name and ad-
dress of the writer, but not for publication
unless the writer wishes. The publication
or rejection of articles is a matter entirely
in the discretion of the Editor. No respon-
sibility is assumed by the paper for the
preservation or return to the writers of
communications submitted to the Editor.

SEYMOUR NARROWS BRIDGE

To the Editor—I am taking the lib-
erty of writing this letter to your
paper trusting you will kindly give it
space. I think it a matter of great im-
portance to this Province of British
Columbia and it may be there are
people in this city who will take this
matter in hand. It is on the question of
having a tunnel or bridge built con-
necting with the Mainland. I understand
this could be built at Seymour
Narrows, and this was under consid-
eration at one time a good many years
ago. I believe the time has arrived for
public spirited men to take this in
hand. I would suggest the bridge with
two railway tracks and two ways for
automobiles and other traffic. Now
that steel and cement have come into
demand so much, it seems tunnels and
bridges are being built of different sizes
and descriptions, right now, in differ-
ent parts of the world, for the reason
that the ones which have been built
have proved such a big success in their
operations. I understand some have
been built by holding companies who
make a charge of a nominal sum on
each railway car and other traffic in
the same plan. I understand the
double-tracked railway tunnel built at
Windsor, Ontario, under the Detroit
River, some years ago has proved such
a success that they are getting a new
company in to build another tunnel at
Windsor under the river to Detroit,
Mich., at the present time.

The bridge had its start through
some public spirited men in Windsor,
Ontario, who got up a syndicate or
company, giving it the name of the
International Bridge Company. On
finding money somewhat scarce in

JOTS FROM GEOGRAPHY

MOUNT OF TEMPTATION, as seen
from the city of Jericho, is a desolate
mass of forbidding stone. It was
here that Jesus was said to have had his
meeting with Satan, nearly 2,000 years
ago. The country round about the
mountain is sparsely settled, but the
mountain, because of its Christian con-
nection, is a shrine of importance.

KIRK'S Wellington Coal "Does Last Longer" PHONE 139

Canada, this company turned its atten-
tion to New York, eventually turning it
over to Joseph A. Bower, vice-president
of the New York Trust Company, who
was made president of the International
Bridge Company of Detroit, Mich. They
got out \$20,000,000 of bonds, which
were turned into cash within a few
days after, which is now being spent on
the new bridge.

Some of the reasons why this bridge
should be built are as follows: I un-
derstand that some of the most promi-
nent men from California and other
parts of the South say there is not a
doubt but this Island will eventually
be the playground of most all the
Pacific Coast, which looks reasonable,
considering the climate and great for-
ests and parks, together with the fish-
ing and hunting.

One could surely consider that
people from many other parts of the
United States would spend parts of
their summers on this Island, espe-
cially if they could come direct through
by railway or automobile.

There are plenty of other reasons why
this bridge should be built from Van-
couver Island to the Mainland, which
can be explained later if required.

GEO. E. BROOKS,
637 First Street, Victoria, B.C., May
25, 1928.

"WHAT ABOUT THE CONSUMER?"

To the Editor—Under this caption
recent editorials appeared in The Vic-
toria Times and The Vancouver Sun,
dealing with the increased market
value of the B.C. Power Corporation
stock from \$25,000,000 to \$80,000,000,
and in which two questions were
asked:

1. Will the increase in the capital
result in an early increase in the rates?

2. Will the increase in the capital
prevent the ultimate reduction in rates
to which the public has been looking
forward?

Under normal conditions, neither
capitalization nor value of capital
would have any effect upon the in-
come. Setting a value upon the cap-
ital will not avail to dictate the terms
upon which its products can be sold.
To expect value of capital to deter-
mine income is normally putting the
cart before the horse. The worthless
stocks and bonds which accumulate in
the hands of ignorant investors are
painful evidence that property rights
have no value in themselves. Income
alone, present or potential, determines
the value of capital.

As we know, the present income of
this organization is satisfactory. Its
rates have been getting the highest in
the Dominion. This high income
has been responsible for a considerable
increase in the capital value, which
increase is wrongly referred to in these
editorials as watered stock. It is a
legitimate increase based upon the
ratio of earnings to the prevailing in-
terest rates.

Potential income, which in this or-
ganization has great promise, and
which has been largely discounted in
the present advance, undoubtedly
harks back fifteen months to the little

TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, MAY 28, 1903

Victoria and Vicinity: Weather forecast—Easterly to southerly winds,
unsettled and mild, with showers.

More than 16,000 passengers were carried by the British Columbia
Electric Company on May 24, exceeding the total of last year by 1,193.
The traffic sheet showed that 16,160 passengers had been carried during
that day.

Members of the school board held a meeting yesterday with Mr. Durnell,
of the Manual Training Schools, and heard from him an explanation of
his suggestions regarding the carrying on of this work department in the
future.

On and after Sunday next the rate to Shawnigan Lake and return will
be fifty cents, with half rate for children under twelve.

New rails for the street car lines on the Pandora and Beacon Hill routes
arrived on the Mutual steamer Keenun last week, and will shortly be
freighted to the city over the British Columbia Electric Railway.

A special dispatch from the Montreal correspondent of The Times says:
"Officials of the C.P.R. have decided upon an official designation of their
steamship fleets. There are five of these in all, and the general title will
be the Canadian Pacific Railway Company Steamship Lines, with a sub-
title to apply to each service as follows: 1. Pacific service. 2. Atlantic
service. 3. British Columbia coast service. 4. Upper lake service. 5. British
Columbia lake and river service."

The rowing committee of the James Bay Athletic Association held a
meeting last evening, at which it was decided to send a four-oared crew
to take part in the regatta to be held at Seattle on Monday, under the
auspices of the University of Washington. The personnel of the crew will
be known this evening.

heralded appearance in the provincial
legislature of Capt. Ian MacKenzie and
(Private) Bill No. 50. This bill sought
a merger of the ten B.C. Electric com-
panies, which operated under various
names. At that time, the Native Sons
of Canada circulated the members of
the Legislature, indicating the possi-
bility of such a reorganization as has
just been effected, and urging delay.
However, the custodians of our natural
resources thought otherwise, and the
Bill passed through the various stages
and became an Act.

The three-fold increase in the value
of this corporation's stock does not
threaten our future to any great ex-
tent. It is simply the result of past
achievements. These may be summed
up as follows: Comparatively high
rates, a good efficient administration,
no doubt, added to a growing mono-
poly over our great water powers,
which are increasing vastly in worth
as our population increases, coupled
with the parental industry of the
Provincial authorities towards this
thriving utility corporation.

There is only one point to the pre-
sent agitation. Occasions have arisen
in the past when public utilities, en-
joying the favor of governments, have
successfully used capitalization as the
basis for a statutory increase in the
rates. Memories of such occasions
have undoubtedly quickened public
interest at this time in Bill No. 50,
the results of which become evident to
the public only upon the present increase
in the value of B.C. Corporation stock.

E. S. FARR,
1516 Belmont Avenue, Victoria, B.C.,
May 26, 1928.

MORE FUNDS FOR HOME BANK ACT

Sum of \$460,000 Placed in
Federal Estimates to Pay
Creditors

Ottawa, May 26.—To supplement the
provisions of the Home Bank Creditors'

Act of 1925, the sum of \$460,000
was placed in the supplementary esti-
mates tabled in the House of Commons
Saturday night.

According to the purposes described
in the estimates, the money is to pro-
vide for payments:

A.—To certain creditors having ap-
proved claims of over \$500, whose ap-
plications for relief were made after the
expiration of twelve months from the
date of the passing of the act, and

B.—To creditors having approved
claims of not more than \$500 when
applied for.

Unveil Memorial To Mrs. Fessenden

Toronto, May 28.—Commencing their annual convention with an impressive memorial service at the historic Anglican Church of St. John, at Ancaster, members of the Imperial Order Daughters of the Empire, traveled from here Sunday to be present at the unveiling of a tablet to the late Mrs. Clementina Fessenden, founder of the Empire Daughters and for many years an active member of the order.

Representatives of the order from the Atlantic to the Pacific and also from the National Society of the Daughters of the British Empire in the United States, have gathered here for the convention proper, which opens in Trinity College to-day.

Catholic Garden Party.—The garden party arranged by the Esquimaux Sub-division of the Catholic Women's League will be held on June 13 in the grounds adjoining the church at Victoria West, corner of Russell and Langford Streets.

U.S.S. Officers Visited Government House Garden Party Saturday

Government House was en fête on Saturday afternoon when the Victoria and District Boy Scouts' Association held its annual garden party. The affair happily coincided with the visit of Capt. C. T. Owens and officers of the U.S.S. Pennsylvania, with their wives, who were received by His Honor the Lieutenant-Governor and Miss Mackenzie on the lawn before the summer house, later partaking of tea in the dining-room.

Miss Mackenzie was charming in a frock of periwinkle blue crepe de Chine with hat to match, and flowered silk coat. Lieut. J. W. R. Roy and Mr. A. M. D. Fairbairn were in attendance. At the opening of the Boy Scout fete, His Honor and Miss Mackenzie, who were accompanied by H. T. Ravenhill, Scout commissioner, were greeted with the grand host from the Wolf Cubes. The Cubes later offered the same salutation to Capt. Owens and the officers of the U.S.S. Pennsylvania. A series of games and jungle dances on the lawn greatly interested the visitors.

Tea was served during the afternoon by the Ladies' Auxiliary to the association, soft drinks and home cooking were in charge of St. Mary's and Oaklands troops, assisted by the Third Victoria; superfluities were in charge of the Third Victoria; candy, Royal Oak and James Bay Troops and the Collegiate Pack; hot dogs were greatly in demand and were sold by the Fairfield Troop. Mrs. Mary's Troop had charge of the coconut shy, and the fish pond and candle-lighting were in charge of St. Michael's Troop.

The Victoria Boys' Band played on the lawn, and Holland and Holland fete responsible for the portrait painting which delighted the children.

BEAUTY

How and Why

By ANN ALYNS
We often find in women of firm, sweet character, the type of face that we call the modified square. In such a face, the cheek lines, though parallel, are not straight, but curve a little outward. The jaw lines are not so prominently and uncompromisingly angular, but are rather somewhat rounded. This form of face is often very lovely, expressing, as it does, womanly strength of character, combined with tenderness. Such women are usually admirable wives and mothers.

described as a square-oval, which is very good in a woman. The cheek and jaw lines are almost vertical, yet the general effect is of curves, since there are no pronounced angles shown.

SOCIAL PERSONAL**OFFICERS OF PENNSYLVANIA HOSTS AT DANCE**

Delightful Affair on Board Warship Saturday For Hundreds of Guests

International amity was fostered at a delightful social function Saturday night when Captain C. T. Owens and the officers of the U.S.S. Pennsylvania, who have been much-feted guests of the city for the last few days, entertained at a dinner, followed by a reception and dance, aboard the United States battleship.

The dinner was given by Capt. and Mrs. Owens in the wardroom, the table being beautifully decorated with enormous silver bowls filled with roses, columbines and pyrethrum in shades of pink. Pink candles, in massive shaded silver candelabra, formed the illumination at the table at which covers were laid for the following guests: His Honor the Lieutenant-Governor, Miss Mackenzie, Hon. A. M. Manson and Mrs. Manson, Brig-General and Mrs. A. G. L. McNaughton, Commander P. W. Nelles, Acting-Mayor and Mrs. P. R. Brown, the U.S. Consul and Mrs. G. A. Bucklin, Lieut. Commander R. I. Agnew, Mr. and Mrs. Warren, Mr. and Mrs. H. B. Turpin, Commander and Mrs. White, Lieut. J. Roy, R.C.N., Chaplain and Mrs. Dumestre, Commander Galloway, Lieut. Commander Westfall and Mr. A. M. Fairbairn.

The warlike aspect of the battleship had undergone a radical change for the occasion. Awnings and bunting enclosed the quarter-deck where dancing took place to the strains of the ship's excellent orchestra. Palms and ferns, together with many beautiful flowers, were banked at intervals around the deck forming delightful sitting-out quarters.

Colored lights were strung across the decks, and the carnival air was further enhanced by showers of confetti and gay balloons which were shot from the ship's gun on to the quarter-deck at intervals.

Supper was served in the officers' quarters below-deck, at a table arranged with huge bowls of pink and white roses. The magnificent silver plate, including an immense punch bowl and salvers, presented to the ship by the State of Pennsylvania, came in for much admiration.

Among the many guests who came in for the reception and dance were: Hon. W. H. Sutherland and Miss Sutherland, Col. Anderson, Major and Mrs. Edwards, Col. and Mrs. Gilman, Major and Mrs. Cobbett, Mr. and Mrs. B. S. Heisterman, Mr. and Mrs. C. P. Hill, Mr. and Mrs. Alex. Gillespie, the Misses Shier and Daphne Gillespie, Mr. and Mrs. F. G. Aldous, Mr. and Mrs. G. Halet, Capt. and Mrs. Colquhoun, Mr. and Mrs. Brooke Stephenson, Alderman and Mrs. James Adams, Mr. and Mrs. C. Hoard, Mr. and Mrs. H. Pendray, Mr. and Mrs. A. R. Green, Mr. and Mrs. P. B. Scurren, Mr. and Mrs. H. C. Hall, Mr. and Mrs. C. H. O'Halloran, Mr. and Mrs. G. Hicks, Mr. J. B. Clearbush, Mr. and Mrs. J. Kennedy, Commander and Mrs. Laurie, Dr. and Mrs. Denton Holmes, Mr. and Mrs. E. W. Horey, Mr. and Mrs. Kenneth Ferguson, Mr. and Mrs. H. P. Hodges, Mr. B. C. Nicholas, Mr. and Mrs. D. O. Cameron, Mr. J. O. Cameron, Mr. and Mrs. R. W. Mayhew, and Mr. and Mrs. F. J. Ebel, Miss Marguerite Schell, Major and Mrs. Curran, Miss T. Sippell, Rev. W. A. and Mrs. G. W. J. H. Beatty, Mr. and Mrs. A. T. Wille, Mr. and Mrs. G. Phillips, the Misses Phillips, Mr. and Mrs. J. Cameron, Mr. and Mrs. Walter Miles, Mr. and Mrs. C. G. Goss, Mr. and Mrs. H. Davis, Capt. and Mrs. Hennessey, Mr. and Mrs. Norman Yarrow, Mr. Larry Henderson, Miss Doris Harper, Mr. and Mrs. C. E. Brown, Mr. and Mrs. Cuthbert Holmes, Col. and Mrs. D. B. Martin, Mr. and Mrs. C. Rowell, Mr. and Mrs. MacLachlan, Mr. and Mrs. John Cochran, Mr. and Mrs. W. H. M. Haldane, Mrs. A. E. Todd, Mr. Ralph Rogers, Mr. C. Pooley, Mr. and Mrs. P. R. M. Wallis, Mr. and Mrs. J. Gray, Mr. and Mrs. C. Goss, Mr. and Mrs. R. Kingham, Miss Helen Starr, Messrs. Percy Beasley, E. Wootton, J. Pemberton, Newcomb, Capt. and Mrs. Aiken, Mr. and Mrs. S. Robertson, Mr. R. Masier, Mr. and Mrs. B. Horton, Messrs. R. Fraser, V. Benrodt, Noel Collison, Gordon Smith, Presley, the Miss Monnina McKenna, Athelle, Jean and Eavis Gibson, Dorothy Tremayne, M. McVittie, Velma and Mary Bucklin, N. McEachern and many others.

BUSINESS WOMEN ENTERTAINED BY KUMTUKS CLUB

Mainland Cities Represented at Banquet and Week-end Reunion

"The imaginary line which separates Canada from the United States is a symbol of a hundred years of understanding, happy relations and peace. May we never see it blurring with cannon nor stained with blood. We women must see to it that our efforts are bent to the cementing of that good-will between your country and mine, so that through the medium of such gatherings as these there may grow up an indissoluble bond of friendship and understanding which will prevail for all time, firmly built on our common tongue and our common ideals."

Mrs. D. W. McFadden of Bremerton, Washington, in these words struck the keynote for the annual banquet tendered by the Kumtiks Club on Saturday night at the Empress Hotel to business and professional women's clubs from Vancouver and New Westminster, Seattle, Bremerton, Everett, Walla Walla, Bellingham and Chehalis, Wash. About two hundred sat down at tables artistically arranged with bowls of columbines, roses, pyrethrum, delphinium and other early summer blooms.

BRING GREETINGS
Miss Cameron, the president, presided at the gathering and read a telegram of greeting from Mrs. Lena Madison Phillips, National president of the American Federation of Business Women's Clubs. She also tendered a cordial welcome to the visitors from other clubs and to the special guests of the occasion.

Miss Josephine Dauphinee, president of the Vancouver club and head of the delegation of thirty-one from that body, brought greetings and good wishes with a handsome guest book for the Kumtiks Club. Miss Jane Miller of Everett, Mrs. Fale Holt of Seattle, Dr. Hoag of Bellingham and Miss Patterson of New Westminster, all conveyed the good wishes of their respective clubs, and the four Chehalis representatives sang a clever little glee in greeting.

Special guests of the occasion included Mrs. R. P. Butcher, who congratulated the club on its work and wished it prosperity; Mrs. W. Ellis, president of the Schubert Club which has frequently supplied soloists for club gatherings, and Mrs. B. M. Master, wife of the vice-president of the Gyro Club, who made a graceful little speech of greeting, and Mrs. McLaren, "grandmother" of the club who has passed her ninetieth birthday.

Miss Jean MacLachlan entertained at a garden party at her home on Quadra Street Saturday in honor of Miss Velma Bucklin. Croquet and bridge were enjoyed on the lawn, and tea was served from Vancouver over the new Scenic Road, via Hope, Yale, Lytton to Kamloops, and report the scenery grand through the mountains. They returned by way of the Fraser Canyon, and along the shores of Lake Okanagan. They crossed the border at Orville, proceeding to Wenatchee, from there through the Blewett and Snoqualmie passes.

Canada Must Win Two Singles Matches to Take Tennis Honors

Deciding Matches in Davis Cup Competition Between Canucks and Japanese Being Played To-day at Montreal; Visitors Need But One Victory to Advance Into the Finals Against United States; Although Beaten in Doubles Wright and Ham Win Praise

Montreal, May 28.—When Japan and Canada take the courts this afternoon for the third day of their Davis Cup meet, the Japanese will have to win only one of the two singles matches scheduled for the right to meet the United States in the final of the American zone qualifying rounds. The visitors lead by two matches to one, having captured one singles on Friday and the doubles on Saturday. The Canadians must win two matches to take the honors. The winning team will leave at once for Chicago. This afternoon's play finds Jack Wright playing Capt. Toba in the first match and Willard Crocker meeting Ohta in the second.

Montreal, May 28.—Tessa Toba and Tami Abe, of the Japanese Davis Cup team, after dropping the first two sets of their doubles match against Jack Wright and Dr. Art Ham, of Canada, staged a fighting comeback at the Mount Royal Tennis Club on Saturday and captured a desperately contested struggle at 5-7, 2-6, 6-3, 6-4, 10-8.

Japan holds the advantage in the present series only following one of the most bitterly fought doubles matches ever played between these two teams.

SEEMED SURE OF VICTORY
Wright and Ham, keyed up to the limit, assumed the offensive and held their own against their fleet and crafty opponents until the score stood at 7-7. Here the Canadians made their most determined effort and for the first time in the set broke through Toba's service to lead at 8-7. With Wright serving in the next game the Japanese sensed defeat and the shouting madly. But Toba and Abe took the next game and followed this up by capturing the next two to snatch victory.

Wright and Ham had started off by taking the first two sets with comparative ease. The two Canadians fought grimly and gave away nothing, while Toba was erratic and Abe slow in starting. In the third set Wright and Ham began to lose some of their accuracy, while their opponents employed a varied lobbing and driving attack. Japan seemed to have the upper hand. Japan ran up a lead of 5-1, and after dropping the next two, captured the set at 6-3.

CANADIANS TOO ANXIOUS
After the rest interval Wright and Ham returned to the attack with renewed vigor. They advanced to the net on three separate occasions, but found difficulty in punishing the accurate lobs which Toba and Abe continued to deliver. After following the Japanese tried a little net work themselves where Abe proved himself most efficient. Japan led at 3-1, but Canada soon evened the score. In the fourth game all went to pieces, but each time the server managed to win, leaving Japan in the lead 5-4. Then they broke through Wright's service and the set. Then followed the fifth and final set with the two teams fighting hard for every point. It was only the superior steadiness of the Japanese and over anxiety on the part of the Canadians that decided the match.

All honor must be accorded the visitors on their victory, but equal credit is due to Wright and Ham for the play which they gave. Now that the match is over, it may be pointed out that these two have only played one set together in their lives, a practice set on Monday afternoon. Considering the fact that Ham was playing in his first Davis Cup match, the showing of the Canadians was little short of remarkable. Wright and Ham showed great promise as a doubles team, and thoroughly justified their selection for the Canadian team.

Following the doubles match Gilbert Nunn, the fourth member for the Canadians, and C. W. Alkan, champion of the Mount Royal Tennis Club, played two sets of singles. Alkan, winning the first 6-3 and Nunn the second at 7-5.

Toba 7, Abe 6, Wright 0, Ham 4.

Kansas City, Mo., May 28.—George Louis Chicago, defeated Gordon Lum, China, in the fifth and concluding match of the semi-final Davis Cup round between the United States and China here yesterday afternoon.

The American won in straight sets, 6-3, 6-2, 6-0.

Loft had difficulty with his shots in the first set, but soon steadied down and had Lum at his mercy.

The victory gave the United States five matches to none in the series.

In the fourth match John Hennessey, Indianapolis, defeated Paul Kong, 6-1, 5-0, 6-1. First place was won by Hennessey and Kong contributed to the American's victory.

GOES TO BOSTON

SISLER

Boston, May 28.—The management of the Boston Braves yesterday announced the purchase from the Washington American League Club of George Sisler, utility fielder and former St. Louis Browns manager and star first baseman. The terms of the deal were not disclosed.

Washington, May 28.—The Washington Post says that the Boston Braves paid the waiver price of \$7,500 for George Sisler, utility first baseman, and that the deal was an outright sale. Sisler left Washington last night to join the Boston club in Brooklyn. Sisler, former manager of the St. Louis Browns and selected as the most valuable player in the American League in 1922, was sold to Washington at the end of last season by the Browns for \$15,000. It was expected that he would take Joe Judge's place as the regular first baseman for the Senators, but he has been used only occasionally.

MORRISON IS GOLF CHAMPION AT UPLANDS

Defeats C. Brynjolfsson 7 and 6 in Finals Before Big Gallery

For Second Year Brynjolfsson Fails to Lift Title; Morrison's Game Good

Bob Morrison attained his ambition to become a golf champion yesterday afternoon at the Uplands Golf Club, when he won the men's championship by defeating Clarence Brynjolfsson by 7 and 6.

The thirty-six-hole finals attracted a large gallery, and the youngsters played a great game. It was interesting to see two lads in a final. Brynjolfsson is just sixteen years of age and despite his youth, he twice appeared in the finals of the Uplands championship. Last year he was defeated by A. V. Price in the finals.

MORRISON'S FINE PLAY
Morrison was favored to defeat Brynjolfsson and the early advantage he gained served him in good stead. He usually a slow starter, failed to get going until his opponent had become five up in the first nine.

Morrison's play in the championship has been outstanding. He completed the morning round yesterday in 75 and this enabled him to show cards of 76 or better in every round he has staged in the championship, over a course which is 70 par. He had two rounds of 71.

Brynjolfsson required 82 strokes for the morning round, his most troublesome part being the outgoing nine, which he negotiated in 44.

After having lost five holes in the first nine in the morning, Brynjolfsson shot better golf on the way home and won two holes, halved four and lost three.

FAIRLY EVEN
At lunchtime Brynjolfsson was six down. In the afternoon he held Morrison fairly even. In the first nine he lost two holes, halved three and halved four. At the ninth, he holed a two. The remaining three holes of the match were halved in par.

The scores of the morning round were:

Out—Morrison.....445364543—39
Brynjolfsson.....54645584—44
In—Morrison.....34644344—36
Brynjolfsson.....535454345—38

FELL RETAINS UPPER-ISLAND GOLF CHAMPIONSHIP BY HIS 3-2 VICTORY OVER J. MATSON

Qualicum, B.C., May 28.—Norman Fell of Victoria retained the Upper-island golf championship by defeating Jack Matson, also of Victoria, 3 and 2, in the thirty-six-hole finals here yesterday.

A remarkable thirty-five for the first nine holes of the afternoon round practically spelt victory for Fell.

When the players went to lunch after the morning round Matson was three up as a result of some splendid golf.

In the afternoon Fell played unbeatable golf and by the time they had completed the first nine holes he had won back the three holes Matson had taken from him in the morning.

FELL TAKES THE LEAD
At the twenty-eight Fell became one up and he increased the advantage to two at the following hole. Matson tried desperately to halt the victorious stride of Fell, but he could do no better than hold him even until the thirty-fourth when Fell holed his ball to win the hole and the match.

Mrs. Kennedy of Qualicum won the women's Upper-island championship by defeating Mrs. Havemeyer of Vancouver by 5 and 4.

At the conclusion of the matches the prizes were presented by Mrs. Havemeyer.

Yankees Continue to Make "No Contest" of American League Race

While National League Contenders Hack and Saw at Each Other Miller Huggins Watches His Team Go. Calmly About Their Business of Eating Up Their Rivals; Cleveland Indians Prove Better Hitters Than Yanks During Week

New York, May 28.—While National League contenders hacked and sawed at each other last week, the Yanks went calmly about their business of making the American League race "no contest." Expert observers have been waiting almost two years now for the Yanks to slump. But the only signs of such conduct occurred on the recent Spring tour, where it could give no aid to belabored American League rivals.

First in everything, it was only natural for the Yanks to rush the season in crucial series. These used to be played in the Fall, or at the very least in late Summer, but the current engagement between the Ruppert Rifles and the Athletics was so classified in the month of May. Commonsense told the fans that nothing in the American League could remain very crucial with the Yanks at large in the lead.

MUST HAVE USED ETHER
With one decision to be arrived at to-day, the Yanks have disposed of their crucial business in Philadelphia by the convincing gesture of taking four games in five and winning up a season's total of six victories and three defeats in competition against the only club figured to have a chance with them. One must wonder whether the Athletics gave ether or merely had all the Yanks arrested while those three victories were being compiled.

Added to a previous rush of four out of five against the St. Louis Browns and the Boston Red Sox, the Philadelphia catalyst gave the champions a record of eight won and only two lost in the seven days ending Saturday—the greatest week any major league club has yet enjoyed this season. And this is a time when the Yanks were to be sorely tried by a siege of Indians best hitters.

INDIANS BEST HITTERS
The Yanks were not the hardest hitters in the American League last week, but they were the best. Their hitting was reserved by Mr. Mack and his help might be to believe it. That honor was reserved by the Cleveland Indians, who averaged more than twelve hits a game. The Yank average—107 hits in ten engagements—was just below eleven.

Washington had the best fielding record with just half an error to each of its six skinnies. The Yanks achieved six-tenths of one complete misplay for each game.

A QUICK ENDING
Dave Lewis, the local lightweight, got away to another of his flying starts against Seaman Martin, an Indian, and stretched him on the canvas before the end of the first round. Lewis forced the fighting and finally buried his right in Martin's solar plexus and it was over.

Frankie Hall, of the Scottish, was outclassed by Seaman Lumley, of the Pennsylvania. Lumley won every round although the local boy tried hard all the way.

DUSICK VERY GOOD
Charlie Storck, clever local lightweight, ran into something pretty classy in Stoker Dusick, of the Pennsylvania. Dusick was light-heavyweight champion of the United States in 1924 and is a fine bit of boxing machinery. Storck was forced to hang on a lot and there was no question about Dusick's superiority.

Ron Mawhood, of the Scottish, showed a big improvement over his previous appearances here when he met Halley, colored, of the Pennsylvania, in the heavyweight class. Mawhood put up a great fight against his more experienced opponent and an extra round was ordered. Halley was given the decision.

McGivern, of the Scottish, failed to show up for his bout with Stoker Lancaster and the latter won by default.

WIN FOR RYAN
Berlin, May 28.—Elizabeth Ryan, veteran California tennis star, defeated Fraulien Hoffman, 6-4, 6-3 in a special match here yesterday.

WILL BE BUSY

TOMMY LOUGHRAN

New York, May 28.—Another champion puts his head down in jeopardy for the education and enjoyment of New York's boxing fans this week.

Tommy Loughran of Philadelphia begins a busy campaign on Wednesday night when he risks his light heavyweight title in a fifteen-round battle with Pete Latzo, the Scranton coal miner, who once held the welterweight championship. The bout will be staged at Ebbetts Field, home of the Brooklyn Dodgers, with Humbert Fugazy, chief rival of Tex Rickard, as the promoter.

A HOT FAVORITE
Loughran is an overwhelming favorite.

After the Latzo match Loughran will fight Jimmy Suter, a Rickard and on June 14 and later will meet Leo Lomski for Fugazy.

The semi-final to the Latzo-Loughran battle will be a return to American competition of Ted (Kid) Lewis of England, one time welterweight champion of the world. Lewis is matched for eight rounds against K.O. Phil Kaplan, New York middleweight.

HORSE PAYS \$104.10 FOR \$6

Margaret Elnora Upsets Dope at Calgary to Pay Hand-some Price

Calgary, May 28.—The cerise colors of Jack Lee, Winnipeg sportsman, flashed to the front in the Citizen's Handicap, the outstanding feature of Saturday's programme at Victoria Park. The victory was achieved by Prospect, a four-year-old bay gelding, which led the field of nine. Prospect and Pine Manners ran as the Lee entries. The race provided thrills and excitement for the large crowd as Hang King made a great effort for success, but had to be content with the place, while Shasta Sheik was third.

The big sensation of the well-bellanced programme was uncovered by Margaret Elnora when she won the fourth race, and paid the choice price of \$104.10 across the board. The daughter of Harrigan and Parnell Girl went to the post a 40 to 1 shot, and was given an excellent ride by Jockey Marie after a brilliant stretch run. The few fortunate speculators who collected on this mare received \$75.65 for every \$2 straight ticket.

First race, purse \$500, three-year-olds and up, about five furlongs—1, Billy 4, \$6.60; \$4.75; \$3.80; 2, Miss Radiant 4, \$15.50; \$10.40; \$3.15; 3, Joyelle 4, \$3.20; Time 1:28 3-5.

Second race, purse \$500, three-year-olds and up, six and one-half furlongs—1, Heathcave 4, \$10.40; \$3.10; \$2.25; 2, Frank Supper 4, \$15.65; \$10.40; \$3.15; 3, Marion Elizabeth 4, \$10.10; \$3.20; \$2.35; Time 1:23 4-5.

Third race, purse \$500, three-year-olds and up, about five furlongs—1, Margaret Elnora 4, \$75.65; \$20.05; \$8.20; 2, Queen Anna Marie 4, \$4.95; \$3.10; 3, Kentle 4, \$3.05; Time 1:28 3-5.

Fourth race, purse \$500, three-year-olds and up, about five furlongs—1, Margaret Elnora 4, \$75.65; \$20.05; \$8.20; 2, Queen Anna Marie 4, \$4.95; \$3.10; 3, Kentle 4, \$3.05; Time 1:28 3-5.

Fifth race, purse \$600, Citizens' Handicap, three-year-olds and up, six and one-half furlongs—1, Prospect 4, \$7.70; \$3.30; \$2.75; 2, Honk King 4, \$5.90; \$4.65; \$3.50; \$2.25; 3, Ojo 4, \$3.95; Time 1:52 2-5.

Sixth race, purse \$500, three-year-olds and up, mile and one-sixteenth—1, Shasta Buck 4, \$9.55; \$4.15; \$3.40; 2, Opala Vista 4, \$7.70; \$3.30; 3, Full of Fun 4, \$4.20; Time 1:53 4-5.

Seventh race, purse \$500, three-year-olds and up, mile and one-sixteenth—1, Brookwood 4, \$14.90; \$5.50; \$3.40; 2, Northman 4, \$3.50; \$2.85; 3, Ojo 4, \$3.95; Time 1:52 2-5.

SUMMERS AGAIN WINS LONG SWIM
Alameda, Calif., May 28.—Byron Summers of Alameda early last night won the fourteen-mile swim around Alameda Island, completing the marathon in nine hours, far in the lead of a field that originally comprised forty entries.

Summers won the marathon last year in 7 hours 55 minutes. Adverse wind and tides delayed the swimmers yesterday.

Four women entries gave up the attempt after covering some 3½ miles. The girl who battled longest with the adverse tide was Lorena Davidson of Long Beach. She gave up after being in the water nearly three hours.

Fine Pitching Helps Cincinnati and Cubs To Hold Top Places

Carl Mays, Who Once Starred With Yankees, Heaves Cincinnati to Win and Sheriff Blake Returns to Game to Hurl His Fifth Straight Win for Chicago; Reds Lose Their Pitching Ace, Red

Lucas, Who Breaks a Bone in His Wrist in Batting Practice; Washington Finally Win a Game

Fine pitching performances by Carl Mays and Sheriff Blake have enabled Cincinnati and Chicago to strengthen their hold on first and second place respectively in the National League pennant race. Mays, who pitched his submarine slants in the American League for years, hurled the Reds to a 2-0 victory over the Cardinals at St. Louis yesterday. It was a costly victory for the league leaders, however, for Red Lucas, ace of the pitching staff, suffered a broken bone in his wrist during batting practice.

Forty thousand persons jammed Wrigley Field to see Blake blank the Pittsburgh Pirates, 3 to 0, granting five scattered hits. It was Blake's fifth victory of the season.

The New York Giants moved into third place by beating the Phillies twice.

New York, May 28.—Hadley gave seven bases on balls yesterday, but he allowed only two hits and the Senators broke a long losing streak, defeating the Philadelphia Athletics at Washington, 4-1. In the third inning, Bishop singled and brought in the Athletics' only run. Bishop also got the other hit.

Ted Lyons of the Chicago White Sox, bested Vangilder in a tight pitching duel at Chicago, and Chicago beat Detroit 3-2. Lyons held the Tigers to four hits, one of which was a homer by Fothergill in the fifth inning with none on base. Alex Metzler led the White Sox attack with two hits, one of them a triple and driving in two runs.

CLEVELAND LOSE FINAL
St. Louis defeated Cleveland 10-8 in the final game of the Cleveland series. The Browns scored four runs in the second and Cleveland tied the count in the third inning, when Langford hit a home run with two men on base.

The Giants noosed out the Phillies in both games yesterday by 5-4 and 2-1. The first engagement went eleven innings, with the Giants coming from behind in their chances at bat to pull out the victory. Virgil Barnes outpitched Pratt in the second clash.

DIVIDE TWIN BILL
Boston and Brooklyn divided a doubleheader at Brooklyn, the Braves taking the first game 4-1 and the second 8-3. The even break gave Brooklyn three victories in four games against Hornsby's club. Home runs by Hendrick and Bissone were prominent in the second game.

The Cardinals suffered their second shutout of the season at St. Louis at the hands of the Cincinnati Reds, 2-0. Bunched hits in the seventh and eighth brought the third victory of the four-game series to the league leaders.

Sheriff Blake returned to the Cubs' pitching staff yesterday after a ten-day lay-off because of an injury, and blanked Pittsburgh 3-0.

HORNSBY IS STILL LEADER

Boston Manager Collects Three Hits to Boost His Average to .387

Rogers Hornsby was the only member of the Big Six to register a hit yesterday and the Boston manager took advantage of this opportunity to trench himself more firmly in the lead. He collected three safeties in six official times at bat in the doubleheader at Brooklyn and boosted his percentage to .387.

Paul Waner went hitless as the Pirates lost another to the Cubs and fell to .362, within three points of Babe Ruth, who was idle so far as the American League campaign went. Bap slapped an unofficial homer at York as the Yanks downed the New York Pennsylvania club of that city, 9 to 1, in an exhibition.

The standing to date:

G. A. B. R. H. P.
Hornsby, Braves.....34 119 24 46 .387
P. Waner, Pirates.....38 149 30 54 .382
Ruth, Yanks.....37 128 44 43 .359
Cobb, Athletics.....35 147 19 40 .333
Pritch, Cards.....40 157 32 49 .322
Heilmann, Tigers.....41 180 24 46 .320

HOME RUN STANDINGS
Yesterday's home runs—Bissone, 1; Pothergill, Detroit, 1; Langford, Cleveland, 1.

The leaders:
American League—Ruth, New York, 16; Gehrig, New York, 8; Hauser, Philadelphia, 8; Todd, Boston, 7.
National League—Wilson, Chicago, 5; Bissone, Brooklyn, 5; Bottomley, St. Louis, 7; Ott, New York, 6.

League totals—National, 138; American, 133; grand total, 271.

CAPS WILD AT BAT AND WIN EASILY

Strengthen Hold on League Lead By Defeating Duncan 19-7; Forbes Homes

Local Sluggers Fatten Batting Averages With Twenty Hits; Pennsylvania Too Good

Victoria Capitals strengthened their hold on the leadership of the south section of the Vancouver Island Baseball League when they journeyed to Duncan yesterday and took the Uplanders into camp by a 19-7 count.

The Caps have won four games out of five starts, their only defeat coming at the hands of Chemainus. Nainimo and Timberland are the other two clubs in the south section and the Capitals will play them in the course of the next two weeks.

Victoria opened the scoring in the first inning by pushing one runner home. Ross Oatman doubled and checked in when Murry Dunn crashed a two-bagger to right field.

DUNCAN IN LEAD

Duncan took the lead for the only time during the game, in the second inning when they collected three hits off Blunt and coupled with a couple of errors, scored three runs. There was no further scoring until the fourth inning when the Capitals went wild and tallied eight times. Norm Forbes' home run with two men on the sacks, accounted for three runs.

ANOTHER RAMPAGE

The Capitals went on another rampage in the fifth inning and scored eight more runs to sew up the game. In this inning the Caps went bunt crazy and five hitters laid down bunts and beat them out much to the dismay of the Duncan fans.

In the sixth inning Duncan got their batting working a little better and snared enough hits to score four runs. The Capitals finished their scoring in this inning by adding two more to their total.

BLUNT WEST DISTANCE

Adolph Blunt went the whole route on the mound for the Capitals, allowing nine hits. He struck out three batters. Robinson opened on the Hill-lock for Duncan but was yanked in the fifth in favor of McKinley.

The Capitals collected a total of twenty hits, every player on the team collected at least one. Six of the team fattened their batting averages by hitting an even 500.

The Box score follows:

Duncan	A.B.R.H.O.A.E.
Sheppard 1b	3 0 1 13 0 1
Weeks cf	4 0 2 2 0 0
Williams 3b	4 1 1 0 4 2

SUMMARY

Home runs—Forbes.
Two-base hits—Sheppard, Williams and Dunn.
Sacrifice hits—Sheppard, Rogers, Dunn and Forbes.
Stolen bases—Sheppard, Weeks, Johnny (2), Robinson, McKinley, Oatman (2), Cummins.
Struck out—Robinson, McKinley (5), Blunt (3).
Bases on balls—McKinley (1), Blunt (2).
Double plays—Noble to Oatman, Umpire—Evans.

Victoria Capitals proved no match for the crack ball team off the U.S.S. Pennsylvania on Saturday evening, the tars coming out on the long end of a 13-3 score. The large crowd enjoyed the exhibition put up by the sailors, who played the game as it should be played.

Except for the first inning when the Caps shoved across three runs the locals were never in the picture. The big feature of the visitors was in the manner in which they clout the ball. Every man on the team is a hitter and when they hit they ball travels fast.

The tars collected sixteen hits off the offerings of Ray Parfitt, seven of them being for extra bases. The Capitals nicked Johan for six hits but all of them were singles.

In the first inning the tars showed across a couple of runs, both coming when Jack Noble let a line drive get away from him in centre field. The Caps jumped one run into the lead in their half of the inning by scoring three runs, but this finished their scoring for the remainder of the game.

In the second inning the tars added four more to their total to thirteen when three more runners crossed the plate.

PERFECT BATTING AVERAGE

Douglas, the tars' left-handed first sacker, was their big man with the willow getting four hits out of a like number of trips to the plate. Three of his hits went for two bases. Jack Bacon was the leading hitter on the

Ho, Hum! New Heavyweight Arrives Here From Italy

One of the latest foreign importations in the cauliflower business is Umberto Torino, this nice-looking young man who is the heavyweight champion of Italy and college graduate. He plays several musical instruments. Outside of that, little is known of him except an ambition to fight for the world's championship some day. Oh, yes, he knows Shakespeare.

local club with two safeties out of five trips to the plate.

Ed. Durnan, Great Sculler, Passes

Toronto, May 28.—Edward Durnan, aged fifty-five, who for ten years held the rowing championship of Canada and the United States, died late last night in a hospital here.

A nephew of the late Ned Hanlon, another famous oarsman, Durnan, had won trophies in many parts of the world. As an amateur he won everything that came his way, and after cleaning up the major events at Saratoga, N.Y., he became a professional. Fifteen years ago he won the championship of America from a large field and has since held the title until he quit rowing about four years ago.

TEAMS PLAY TO 5-5 DRAW

Victoria and Seattle Lacrosse Teams Fail to Settle Argument in Fast Game

Tying up the score with only a few minutes to go the visiting Seattle lacrosse team earned a 5-5 draw in their exhibition game with the Victoria C.P.S. at the Royal Athletic Park Saturday afternoon.

The Seattle team arrived short-handed but the team was strengthened by the inclusion of four local stick artists, Jack Taylor, Nicol, Godwin and Mel Hicks. The visitors lost several of their star players through injuries suffered in the May 24 game with New Westminster Salmonbellies. The local boys played a big part in Seattle's scoring, being responsible for three of their goals.

VICTORIA OPEN SCORING

Victoria opened the scoring four minutes after the start when Mercer banked one past Deruchie, the Seattle goalie. This proved to be the end of the game and Seattle came back to even up, Nicol beating Banks.

Jack McDonald, playing first home for the C.P.S. gave Victoria the lead early in the second quarter when he scooped one into the net. Victoria continued to dominate the play but the visiting defense tightened up and kept their goal clear. Towards the end of the quarter Seattle got their combination play working and slipped two goals through in quick succession, Godwin getting the first and Stan Ross, the second.

In the third quarter both teams scored once, Ross finding the net for the visitors and L. Crowley for the locals. Play was fairly fast in this period with both teams having an even share.

One goal down at the start of the last quarter the Victoria team worked hard and Mercer scored to even things up again. Victoria took the lead shortly after when M. McClure slipped one between the pipes.

Mel Hicks robbed Victoria of a victory when with only a few minutes to go he scored on a pretty individual effort.

Everett Taylor handled the whistle and the teams were:

Seattle—Goal, Deruchie; point, Dunbrack; cover point, Taylor; second defence, Nicol; first defence, Godwin; centre, Teague; first home, McDonald; second home, Olsen; outside home, Ross; inside home, Ross; sub, Stewart, Holmes, Clarke.

C.P.S.: Goal, Banks; point, E. McClure; cover point, Tamborine; second defence, Shadle; first defence, DeCosta; centre, Mercer; first home, McDonald; second home,

INCOGS AGAIN WIN AND HOLD CRICKET LEAD

Defeat Albions Through Splendid Batting and Bowling of Reg. Wenman

Victoria Journey to Cowichan and Hand Home Club Second Defeat

Inco's, last year's champions, continued on their merry way in the Victoria and District Cricket League on Saturday by defeating the Albions by 186 to 73 at Beacon Hill on Saturday. In the other game scheduled the Victoria Cricket Club handily defeated Cowichan by 170 to 117. This was the second straight defeat suffered by the Cowichan club on their home grounds.

The best batting display of the day was given by Reg. Wenman of the Inco's, who carried his bat to the 80 mark, before he was caught by Lethaby off Adams' bowling. Allen, who started with Wenman, kept going until he had passed the half-century, his score reaching 83.

Pite made the best stand of the Albion batsmen with a 25.

TAKES WICKETS EASILY

Reg. Wenman, not satisfied with taking the batting honor, also finished on top in the bowling averages with four wickets for seven runs.

The Victoria side batted consistently to defeat Cowichan, Merredith being high with 52. Saunders registered nearly half Cowichan's total with a 55. Mitchell had a great time smashing the Cowichan wicket. He took eight wickets for 26 runs.

The scores were as follows:

FOOTBALL CLUB CONGRATULATED ON SEASON'S SHOWING

In recognition of the fine showing made by the Five C's senior football team this season the organization held the players at a banquet held Friday night at the Chamber of Commerce.

The chairman, Kyle Symons, led the after-dinner speeches by congratulating the team on the fine sportsmanship it had displayed in all games, saying it had won and lost with equal grace. The Five C's, he said, had always played the game for the sake of the game, not for the sake of the cup. Alan Tuckwell, the popular captain, reminded the audience the players had done exceptionally well considering the fact that this was the first season the Five C's had entered the senior league, having previously played as juniors. He thought the past year highly successful since his men had lost the Jackson Cup by only one goal. The club was already busy building up a team for next year, he announced.

George Sande, vice-president of the club, congratulated the manager and secretary-treasurer of the association, Percy Hope, for the fine work he had done for the team, stating that he had not been for Mr. Hope's unflinching zeal the boys could not have gone as far as they did in the league.

W. Sutton proposed a toast to the artists and visitors at the banquet, thanking the former for the entertainment they furnished.

The manager of the team then spoke on behalf of the boys, saying that they appreciated the work the committee had done for them and Mr. Hope himself said that it was due to their co-operation and the fine spirit of the boys that the team had met with such success.

Other speakers of the evening were L. Vaughn, secretary of the cricket club, who congratulated the splendid defence of the team and its esprit de corps, and Frank Glolma, who gave the players some very helpful criticism.

Allen, Hood delighted those present

"The Smart Set" Is Metro-Goldwyn Film At Capitol This Week

Mantell's Mannikins Here in Return Engagement of Miniature Theatricals, in Addition to Fine Film Spectacle

They told Jack Conway that he couldn't get dramatic action with a polo game—and he proved them wrong. The controversy came up at the start of production of William Haines' new starring production, "The Smart Set," for Metro-Goldwyn-Mayer, which plays at the Capitol Theatre to-day.

"When I was first slated to direct the production," said Conway, "all my friends came to me and sympathized

No one had ever before made a picture based on polo, they said and for that very reason it couldn't be done. "My friends believe that dramatic action can only be attained through a clash of human bodies or wills but in my estimation the clash of horses, men and wills in a spirited contest makes just three times as stirring a spectacle.

"As soon as I filmed the first period of the polo game—which we based

on the famous British-American contest at Meadowbrook last year, I knew I was right and that a polo game based upon closeups of dashing horses, wild scrambles over the ball and thrilling falls could be made as dramatic a spectacle as any audience could see and still stay in their seats.

"As a matter of fact the thrills in the picture came very near to being more thrilling than we wished for. We had arranged for a trick fall directly in front of the camera but someone had miscalculated and the first thing that Ollie Marsh, my head cameraman, and I knew, we were sitting flat on the ground, Ollie with a horse in his lap and I with the rider in mine. Luckily no one was hurt."

Haines, Jack Holt and Hobart Bosworth are the stars of the polo contest in "The Smart Set," while the romantic interest is sustained by Alice Day and Constance Howard. The story is an original by Byron Morgan adapted to the screen by Aaron and Ann Price.

On the stage are two vaudeville acts, which include a return engagement of Mantell's Mannikins; Frank Hayes, a fine baritone soloist, and Harold Bechtel, the singing M.C. The Concert Orchestra will also be featured. Mantell's Mannikins will offer many new features and comedy numbers, and it is expected that many who were unable to see this act on its previous visit some months ago will avail themselves of this last opportunity, as this act returns to Australia, and to the Continent at the conclusion of its contract with the Capitol Theatres of Canada.

Billie Dove In Novel Role At Columbia To-day

"The Heart of a Follies Girl" Novel Story of Human Frailties

Billie Dove's glorious beauty is reaching the screen more perfectly through improvements in motion picture lighting, cameras and film. For this reason, "the most beautiful star" is lovelier than ever in her latest picture, "The Heart of a Follies Girl," which heads an excellent bill at the Columbia Theatre.

Larry Kent, a new and handsome young leading man, plays opposite her. Lowell Sherman, Mildred Harris and Charles Selverstone lead the list of very fine supporting cast, which by the way, includes a chorus of nearly fifty of Hollywood's most shapely dancers. Like Cleopatra, Miss Dove hasn't hesitated to surround herself with other beauties in "The Heart of a Follies Girl." John Francis Dillon directed the picture. The highly dramatic plot was adapted for the screen from Adela Rogers St. John's magazine story of the same title.

Despite the glamour, beauty and color of the story background, very warm and real human characterizations are evolved, and comedy vies with pathos in this intimate glimpse into the lives of the famous Follies girls.

"Millionaires" Is Rollicking Playhouse Film

George Sidney and Louise Fazenda Star in Excellent Production

"Millionaires," the Warner Bros. production, now at the Playhouse Theatre, is a picture that goes out frankly to get laughs, and, according to all reports, it gets them in hearty measure. With George Sidney, Louise Fazenda and Vera Gordon heading the cast, it has a trio of rib-tickling fun-makers, who have long since demonstrated that real laughs are pretty close to real tears; a trio of comedians who are above all things always "human."

Helene Costello, Nat Carr, Jane Winston and Arthur Lubin are among others in the cast who add to the gaiety of the entertainment. The picture, suggested by E. Phillips Oppenheim's book, "The Inevitable Millionaires," was adapted by Graham Baker and Edward Clark, and produced under the direction of Herman Raymaker. The story, written by Raymond L. Schrock, concerns a Jewish tailor, whose placid, happy life is nearly wrecked on the shores of social ambition, when he suddenly comes into a fortune.

Westminster Glee Singers Expected Soon

Party is Receiving Fine Reception En Route to Coast

Near tragedy stalked a Western prairie depot recently when the Westminster Glee Singers, hailed by exacting critics as the most outstanding musical event of the season, arrived for one of their concerts en route to Victoria, where they will be heard at the Royal Victoria Theatre on Friday and Saturday, June 1 and 2, for two evening performances under the auspices of the Gyro Club.

The reception committee were at the station bright and early to meet the incoming train. The porter came to the door of the car. "Yassuh," he said in answer to inquiries, "They're in this hyah cab, but they're mighty sleepy, suh, mighty sleepy." "Let's go and toss the sleepy little beggars out of their berths," said one of the welcoming committee, but just then the shade of a berth opposite the group on the platform was raised, and a tousled head showed at the window for a second. "No need to, suh," grinned a red-cheeked youngster, "we'll be right out."

Another wait of a few minutes, and then carrying little grips and bags, and wearing the traditional mortar board caps and Eton collars, they straggled out. Finally all but two were accounted for, and the balance of the group grew impatient. A search party was just being organized when one

of the missing duo appeared looking very troubled.

"It's no use," he said to the world at large. "I've looked everywhere for them but I can't find 'em. There's always something going wrong at the last minute." One of the group was instantly sympathetic. "What's the matter with you?" he asked. "Oh, I ain't it," replied the cherubic youngster instantly. "It's my chum, and he gave a jerk of his mortar board back toward the sleeper where one of the boys still was. 'Well, what's the matter with him,' he was asked. 'He's lost his pants,' was the grave answer. Then, from the car, 'I've found 'em; they got wrapped up in the blankets,' explained the missing one, as he appeared with his mortar board crushed under his arm and a big suitcase bumping against his legs.

Outside the incident of the lost trousers, the Westminster Glee Singers are in splendid shape. So far the Canadian tour has been one triumph after another. Headed by Edward Branscombe, the tenor soloist of Westminster Abbey, the famous singing organization is making a tour of Canada preparatory to embarking for Australia and will be heard in Victoria at the Royal Victoria Theatre on Friday and Saturday, June 1 and 2.

Chameleon Girl Title Won By Variety Artist

Billie Dove Appears in Another Follies Story at Variety

Billie Dove reacts to light-waves in the air as a thermometer reacts to heat-waves or a barometer to air pressure. In some lights the First National features actress one sort of person, and in others quite a different person. Of course, these differences are purely optical effects, and they concern completion, the color of her eyes, and the shade of her hair. The latter ranges from dark to light reddish brown—her eyes from dark to hazel and blue, complexion from pale to a delicate blush without makeup.

Scientifically, her eyes, hair and pigment of the skin are composite, and therefore vary according to light, color and intensity. Practically, it makes her a "chameleon girl." She photographs differently by utilizing different sorts of lighting, and through the use of three different kinds of film: regular stock, panchromatic (color sensitive) and color-photography stock.

At Rockett, who produced for First National "An Affair of the Follies," in which Miss Dove is featured with Lewis Stone and Lloyd Hughes at the Variety Theatre, chose the panchromatic method of filming her after consultation with Director Millard Webb and tests by Cameraman Tony Gaudio.

EASTERN PAPERS PRAISE SINGERS

Balance Just About Perfect, Blend Fine and Tone Color Rich

This is what A Bridge musical critic of The Toronto Star says about the Westminster Glee Singers: "Six little boys and eight men called Westminster Glee Singers gave a programme of traditional Victoria and modern part songs, glees, catches and madrigals last night in Massey Hall. These singers gave but one sacred number, by request, to the audience. The choir consists of six boy sopranos, three men altos, three tenors and three basses. The balance is just about perfect, the blend very fine, the tone color rich and varied. These male altos are a rare variety even in the species. Seldom do women altos in a chorus sing with such beautiful texture of tone. The chief basso is real bass, one is basso-baritone, the other baritone.

"These voices sing full choruses with the six boys with wonderfully varied effect, the best traditions of unaccompanied part-singing, crisp attack.

Piles Go Quick

Piles are caused by congestion of blood in the lower bowel. Only an internal remedy can remove the cause. That's why salves and cutting fail. Dr. Leonard's Hem-Roid, a harmless tablet, succeeds, because it relieves this congestion and strengthens the affected parts. Hem-Roid has given quick, safe and lasting relief to thousands of Pile Sufferers. It will do the same for you or money back. MacFarlane Drug Company, Vancouver Drug Company, and druggists everywhere sell Hem-Roid with this guarantee. (Adv.)

AT THE DOMINION

A Scene From "Sadie Thompson."

delicate shading, quick changes of tone-quantity and tempo, fine crescendos and fairly big climaxes. "Best of all they sing with informal ease. Every appearance on the platform was different.

"The programme was extensive, varied and double. Every piece was encores—some of them twice. "One of the prettiest quaint things was Halton's 'Forget-me-not' part song; the most descriptive in realism the 'Bells of St. Michael's Tower,' often sung here, with real harmonies in the bells; the jolliest was group of sea chanteys, 'Clear the Track, Tom's Gone to Hilo'—much like a spiritual—and 'Billy Boy,' the funniest was the 'Catch Celia's Charms,' done by a quartette.

"The solo numbers were much better than such things usually are on such programmes. Each part in the chorus was represented by a solo, plus encore, an old bass rolling song, by Purcell (James Barber); a baritone song by Sullivan (Charles Draper); 'Ye Banks and Braes' alto (Donald Reid), who created a real furor by his beauty of tone and gave two encores; tenor solo, 'In the Dawn,' by Elgar (James Davis); soprano song, 'The Swallows,' by Cowen (Edwin Brazier), and the chantey solos

Gloria Swanson As Sadie Thompson In Lead At Dominion

Powerful Story From Somerset Maugham's Novel Is
Screened at Dominion With Outstanding Cast

"Sadie Thompson," Gloria Swanson's latest screen offering, has been booked as the feature attraction at the Dominion Theatre to-day. Adapted from W. Somerset Maugham's short story, "Miss Thompson," "Sadie Thompson" is Miss Swanson's second contribution to the screen as an independent producer under the banner of United Artists, of which she is an owner-member.

The new picture was directed by Raoul Walsh, who achieved such signal success with his "What Price Glory" and "Loves of Carmen," and it was produced at the United Artists studio in Hollywood.

With Miss Swanson as the colorful "Sadie Thompson," the most dramatic role she has interpreted, Walsh, the director makes his first screen appearance in years as "Sergeant" Timothy O'Hara, the Marine-lover, and Lionel Barrymore has the role of "Lionel Hamilton," the reformer, one of the most discussed characters in modern literature. Other members of the cast are Blanche Friderica, Charles Lane, Florence Midgley, James A. Marcus, Sophia Artega and Will Stanton. In addition a group of Samoan natives and large company of Marines supply the atmosphere in the tropical exterior of the picture, which has its setting at Pago Pago.

The cameramen were Oliver Marsh, George Barnes and Robert Kurlie, three of the foremost of Hollywood's cinematographers. Pierre Bedard was Miss Swanson's production manager. The titles were written by C. Gardner Sullivan and the settings designed by William Cameron Menzies, responsible for art direction of the majority of United Artists productions in recent years. William Tummel acted as assistant director.

Donald Gray and Sidney Dixon, the famous Radio Singers of KOMO, will appear at the Dominion this week in a return engagement. These two popular artists have just completed a triumphal tour of the Capitol Theatre circuit and have met with overwhelming success on their every appearance. On their last personal appearance in Victoria they established themselves as prime favorites and their return visit will be eagerly anticipated by their admirers. They have consented on this occasion to sing as many request numbers as possible and anyone wishing any particular song kindly communicate their request to the management.

SIDE GLANCES — By George Clark

"Take it from me, dearie, you'll knock 'em cold in that bonnet."

warm praise from the two adjudicators, Dr. Frederick Rogers and R. Jameson of Vancouver. In the piano solo classes young talent was shown, and several young singers in the solo classes did exceptionally well. In the adult solo, duet, trio and quartette classes there were many commendable performances. Among the choral societies, St. Paul's Anglican Choir of Nanaimo, Andrew Dunsmore, conductor, and the Chemaunus Choral Society, W. M. A. Lester, conductor, proved a closely contested and interesting event. The Upper Island Festival has been formed for the purpose of cultivating and fostering a love for good music in the upper districts of the island, and the support and fine spirit given and displayed throughout the festival are happy omens for the life and success of future similar festivals in these parts. Much credit is due Andrew Dunsmore, the society's first president, and conductor of the Nanaimo Philharmonic Society, through whose ef-

forts the festival had its initial introduction, and he has been fortunate in having the valuable assistance of an energetic executive, comprised of George S. Pearson, honorary president; A. H. Webb, first vice-president; J. P. Humphreys, second vice-president; J. M. Paterson, third vice-president; N. E. Carter, treasurer; R. T. Coveny, general secretary; and H. E. Palmer, assistant secretary. Besides these officers much time and effort were given by other prominent musical people of Nanaimo: Mrs. K. Brankson, Mrs. Emery, Miss E. Nixon and D. B. Arnett, and by the honorary local representatives, Edgar Scholtes, Chemaunus; Mrs. J. Carey, Royton; Dora Salmon, Wellington; E. W. Forward, Ladysmith; A. L. Bevan, Courtenay; Mrs. C. Finch, Cumberland; Mrs. L. T. Davis, Parksville; Mrs. Wood Lee, Alberni; Miss Pulcher, Union Bay and Miss Saunders, Qualicum.

Langford

Langford, May 28.—A very pleasant afternoon was spent by friends from Colwood and Langford at the home of Mrs. Stuart Yates, Millstream Road, to meet Mrs. Mary Ellen Smith, M.P.P. The visitors were entertained to tea on the pretty veranda, the rose trees being particularly admired.

During the afternoon Mrs. Smith expressed her pleasure at being given an opportunity of meeting the ladies and then gave an interesting talk, explaining that Vancouver Island was an early love of hers, having traversed the district many times with her late husband as far back as thirty years ago, when he was a member of the Government. The speaker outlined several splendid policies of the present Government, such as the equal guardianship of parents act, the minimum wage for women and girls, of which over 15,000 females are benefited. The Deserted Wives' Maintenance Bill, the Mothers' Pension Act, the Adoption of Children and the Unmarried Mothers' Act. The establishing of a home for blind, deaf and dumb children at Point Grey, and the taking over by this Government of the Tranquille Sanatorium.

Mrs. Smith urged the women to use their franchise to vote intelligently, securing her heart of her ready help and sympathy at all times. Several ladies responded to the speaker's invitation to ask questions, re these acts. Mrs. J. S. Yates heartily thanked the speaker for her lucid address and little Maureen Yates presented Mrs. Smith with a corsage bouquet of roses.

The Prince Edward Branch No. 91 of the Canadian Legion float for the parade in Victoria on May 24 represented a war scene with two snipers on post behind sandbags and a barred wire entanglement. Considering this branch has not been in existence a year, the members showed a very enterprising spirit in their undertakings.

The Astoria Social Club members and their guests to the number of 150 visited Langford Lakeside on Thursday evening for a plus four and flannel dance. The dance hall was effectively decorated with the club colors of purple and white. The lighting arrangements added much to the dancers' enjoyment; the moon dance proving very popular. Supper was served in cabaret form on the spacious veranda on small tables overlooking the beautiful lake.

Len Acre's orchestra supplied the music and all present spent a truly enjoyable time.

Keating

Keating, May 28.—Members and friends of the Saanich Pioneers' Society will hold their annual picnic at the Experimental Farm on Saturday afternoon, June 2. At a recent meeting of the society the following members were appointed as convener for the day's outing sports, L. Hagan, G. T. Mitchell, E. Blackburn, T. Lidgate, A. McDonald, W. D. Mitchell, ladies' supper committee, Mesdames Harrison, Nimmo, W. D. Mitchell, Blackburn, G. Mitchell, Lidgate, Turgoose, Derrington, Bisset and E. Johns. It will be a basket picnic and tea, sugar and coffee will be provided by the society.

Mr. and Mrs. A. Wright, Telegraph Road, entertained twenty children at a beach picnic in honor of their son, Jodie's eleventh birthday on Saturday afternoon, at Island View Beach. A merry time was enjoyed with games and swimming and a delicious supper was heartily enjoyed.

Mrs. Moran of Duncan was a guest at the home of her brother-in-law and sister, Mr. and Mrs. W. S. Butler, Keating Cross Road, during the week.

The Young People's Club of the South Saanich United Church will hold the annual picnic at Spoon Bay, near Victoria, on Saturday afternoon, June 2.

JEWELL PUPILS IN DANCE RECITAL AT PLAYHOUSE TO-NIGHT

The annual dance recital of the pupils of Miss Mousie Jewell will be presented this evening at the Playhouse Theatre, with 120 children taking part. The programme will commence at 7.45, and will provide two and a half hours of entertainment. There will be no intermission or encores. Fairy play-lets open and close the programme, which includes twenty-four specialty dances, ballet numbers, acrobatic and character turns and folk dances. In these sketches girls ranging in age from three to sixteen years will take part. Miss Jewell will personally take part in a Scottish dance with two of her pupils.

Metchosin

Metchosin, May 28.—Mrs. A. M. Johnson of Victoria has been the guest of Mrs. Landy of Arminthwaite, Taylor Road, for the last week.

Mr. and Mrs. B. Skelton have been visiting friends in Victoria for a few days.

Miss M. Minns has been spending a short vacation at Snobomish.

The regular meeting of Metchosin Women's Institute will be held at the hall on Wednesday, June 6. All members were asked to attend as Mrs. W. L. conference and details will be arranged Whitney-Griffiths, who was the delegate to the W.I. district conference at the of the Solarium and of the garden fete to be held at Hatley Park.

Makes Sandwiches Flavourful

Popular hostesses find that Colman's Mustard gives a marvellous zip to the flavour of minced meat, cold meat, fish, cheese, egg, salad and other sandwiches. Try adding a dash of Colman's to your own sandwiches and see how it develops their tastiness.

Write for FREE recipe book on pickles, salads, salad dressing, sandwich fillings, etc.

Nanaimo Scene of First Annual Upper Island Festival

Two Days' Competitions; Large Audiences; Public School
Choirs and Piano Classes Reveal Much Talent.

By G.J.D.

Vancouver Island can now boast of two centres connected with the growth of the music festival movement in Canada's most western province. The capital city's festival held in the Spring of the year, Victoria has now held two very successful festivals, and the Upper Island Music Festival, held a month later at Nanaimo, under the auspices of the Rotary Club of the busy coastal city. The first annual event "staged" by the latter, while of a modest beginning proved a great success. Eight hundred competitors, representing 150 entries, took part, and the people of Nanaimo in enthusiastic manner, at-

tended the programmes in their hundreds. The festival occupied two days, and on the second evening (May 18), before a capacity audience in St. Saviour's United Church, there were many evidences of good talent, and individual music gifts. Particularly outstanding was the singing of the public school choir, which compared most favourably with the similar choirs at the Victoria and Vancouver festivals. The competition among these choirs was keen, spirited and close in marks, and are informed that apparently Nanaimo schools are well served musically. The singing in the boys' groups was especially praiseworthy, and brought forth

for everybody
every day

Everyone Needs Roughage in Their Diet

Make This Two Weeks' Test and
Note the Difference

Constipation must not be neglected. Start a two weeks' test now. Order a package of Post's Bran Flakes from your grocer.

Start by eating a dish of Post's Bran Flakes for breakfast. Eat it as a cereal with milk or cream. You will like it as well as any cereal you ever tasted.

Do this every day for two weeks. We predict you will find a real difference in the way you feel, and that you have been "regular" all the time.

But don't stop at the end of two weeks. Eat Post's Bran Flakes every morning for health and regularity.

Post's Bran Flakes is sold by all grocers in a wax-wrapped package. Ready to eat.

It is dangerous to experiment with patent medicines and drug laxatives. They bring only temporary relief and may make matters much worse. Ordinary cases of constipation brought about by too little roughage in the diet should yield to Post's Bran Flakes. If your case is abnormal, don't experiment. Consult a competent physician.

STOCK MARKETS FINANCIAL NEWS GRAIN MARKETS

TO-DAY'S GRAIN MARKETS

By Branson, Brown & Co. Ltd.
Winnipeg, May 28 (Wheat)—With Liverpool and continental markets closed, export business still lacking combined with last light showers in many districts in Saskatchewan and Alberta, and a heavy rain in the Edmonton district and further rains forecast for Western Canada, all combined to give the wheat market a heavy tone to-day and prices suffered a sharp decline. Opening prices were 1/4 to 1/2 cent lower with plenty of wheat for sale and these offerings continued until the market broke from 1 1/2 to 2 cents, the July position being the weakest month. On this break shorts covered and a reaction of U.S. visible showed a good decrease of 3,477,000 bushels, the bulge were difficult to hold as offerings increased on all upturns. It is quite evident with the large supplies of old crop wheat still in this country, and the prospects for the new crop here or less excellent, it is going to be difficult to hold present prices level unless foreign demand broadens out materially. In U.S. Spring wheat territory some shippers were received in Minnesota and Montana and showed a forecast for South and North Dakota.

Local market is acting nervous and erratic, the country is selling wheat and the trade are waiting the outcome of the weather conditions. The local cash market was again very dull. There was a little demand for the number 4 and lower grades with spreads a fraction better, but these grades are pretty well cleaned up and are hard to buy bulk of the surplus now being 3/4 Northern which has been a drag on market all season. World shipments last week totalled 15,594,000 bushels of which Northern America cleared 8,268,000 bushels. Believe wheat can be sold on the upturn. Winnipeg futures closed 1/4 to 1/2 lower, having firmed up in the closing moments in sympathy with the upturn in Chicago. Canadian visible increased 214,000 bushels. Wheat deliveries into the clearing house to-day 1,222,000 bushels. Farmers still marketing nearly 500,000 bushels daily.

Coarse Grains—These markets were very dull to-day with no business from any quarter. The feature was the break in May Oats which closed 3/4 down, a natural reaction from the upturn Saturday. The deliveries of 163,000 bushels may have had something to do with it. Deferred oats closed unchanged. Barley closed 1/4 lower to 1/2 higher, and rye 2 1/2 to 1/2 lower.

Flax—This market was somewhat easier and while trade was very small, there was a little more pressure. Closing figures 1/4 to 1/2 cents lower.

WHITNEY LETTER

New York, May 28 (By Branson, Brown & Co. Ltd.)—Whitney, of the Wall Street Financial Bureau, says to-day:

"Last week we passed through one of the inevitable technical reactions which are needed to keep bull markets healthy. Now that it is over and the past three days' market action has been converted all of last week's bears, I see no reason why we should not use the moderately lower prices which developed in the final hour of the past week's last session to continue to purchase sound stocks which have not advanced too radically from last week's low prices, since the prospect for this week is for a continuation of the advance which, incidentally, is likewise the prospect for the coming month. I expect that money will gradually begin to ease so that it will not be long before we again will have 5 per cent.

"In the coming week the oil group should come into its own. The steel group under leadership of U.S. Steel should inaugurate the most sustained group advance which will be recorded this year. The copper, under influence of the highest price for metal in five years will continue their advance, and be led by lead and zinc stocks.

"Packard Motors is again recommended for purchase. In the oil group I again suggest Sinclair and S.O. of New York, American Agr. Chem. Co. has established a new top for the year, at which figure it should be bought, not sold. For the year which ends June 30 the company will report the best earnings of the past seven years."

New York, May 28 (By Branson, Brown & Co. Ltd.)—Brokers' opinions to-day are:

J. S. Bache—With copper news continuing favorable this section of the list would appear to be entitled to higher levels.

Block Maloney—Would not follow stocks up.

Hornblower and Weeks—We doubt that this particular phase of the market will show more than additional irregularity as the recovery movement has hardly progressed far enough to call for a reversal of sentiment which at the moment is favoring the buying side.

DAIRY MARKETS

Montreal, May 28—Cheese steady; butter firm. Best eastern extra 27 to 28, first 26 to 27, second 25.

out so well. Late oats there promise better.

Local decreased nearly a million bushels last week and has now about 10,250,000 bushels. Last year they were seventy per cent larger.

The little rise of corn coming to market and finding a good demand. Local sentiment is inclined to the bear side, however, in spite of the favorable positions.

Liverpool wheat due to open morning 2 1/2 to 3 1/2 lower.

BEDTIME STORY

Uncle Wiggily and the Clothes Line

(Copyright, 1928, by McClure Newspaper Syndicate)

By HOWARD E. GARIS

"Where did I leave that key?" growled the Black Bunny Bear, who had caught Uncle Wiggily when the old gentleman rabbit was asleep in the woods. "I'm sure I had it when I started out! But where is it now?"

The Bear stuck his big paws, one after the other, into his pockets and that pocket of his coat and trousers looking for the key to open the locked box so he could put Uncle Wiggily inside and take the rabbit home to the den.

But the Bear couldn't find the key, and he had promised his wife to bring Uncle Wiggily home in the box for supper.

"And if I can't get the box open I can't put a rabbit in it," growled the Bear.

"Of course you can't. It's like a puzzle!" chuckled Mr. Longears. And then, as the Bear had taken both his

He saw a little June Bug lady.

paws off the rabbit to poke in his pockets for the key, all of a sudden the bunny uncle gave a big hop and off and away he ran before the Bear had time to turn and catch him.

"Ha! Ha! Ho! Ho!" laughed Uncle Wiggily as he darted down hill. "You can't find the key, Black Bear, but I know where it is. It's in plain sight on the front of the box!"

And there, surely enough, was the missing key, as you very soon saw, I'm sure, when you looked at the last puzzle picture. So Uncle Wiggily safely reached his hollow stump bungalow. He was a little out of breath from having run so fast, but the Bear didn't even hug him.

"It's nice to be hugged—sometimes," said Mr. Longears to his wife and Nurse Jane as he told them his adventure, "but not by a Bear."

"You had better give up this puzzle and adventure business," said Mrs. Longears as she looked to see if there was enough carrot jelly for tea. "You had better take to peddling cabbages."

"Oh, no," said Uncle Wiggily. "I must have adventures."

So next day he started out again, over the fields and through the woods, up hill and down dale to see what would happen. Mr. Longears was thinking what a lovely day it was, and how soon it would be Summer when, all of a sudden, he heard a little teeny-weeny voice calling:

"Help! Help! Help!"

"Oh, ho! Some one in trouble!" said Uncle Wiggily with a slow jiggie jiggle of his left ear. "I must do what I can." Looking around, he saw where a little June Bug lady, who had come out of a bush around, ready for the first June days, had caught one leg in the crack of the bark of a tree!

"Please help me get loose!" begged the June Bug lady.

"Why, of course," said Uncle Wiggily politely, with a low bow of his tall silk hat. Gently he loosened the leg from the bark crack, and as the June Bug lady flew away she buzzed:

"You did me a great favor, Mr. Longears, so I'll do one for you. Look out for the Fox! He's on his way to the back of the woods where I banded into this tree and was caught."

"Thanks," said Mr. Longears, smiling, "but I'm not afraid of him."

Then, all of a quickness, out from behind a big rock sprang the fox, with a pair of ice cones, thinking he could

Find 3 mistakes.

catch Uncle Wiggily in them. But the rabbit was nimble and quick and hopped away.

Then the Fox chased him. Uncle Wiggily hopped fast and ran down the hill to where he saw Mrs. Twisttail, the lady pig, hanging her wash on the clothes line. The Fox was close to Uncle Wiggily by this time, but all of a sudden the bunny thought of a puzzle trick to play on the bad Chap.

"Look here, Mr. Fox," said Uncle Wiggily. "There are three things wrong with Mrs. Twisttail's clothes line wash. And unless you tell me what those three mistakes are, you can't catch me!"

The Fox was so surprised that he sat down hard on the sharp ice cones and stuck himself. Then he tried to do the puzzle. Can you? And if the parlor radio will tell the phonograph a bedtime story before it goes to sleep under the piano, you shall next hear about Uncle Wiggily and Jackie's warning.

BILL TALKED OUT

Ottawa, May 28.—The Sun Life Assurance Company bill to authorize an increase in capital from \$2,000,000 to \$4,000,000 was "talked out" in the House of Commons Saturday night. The bill drops automatically to the roof of the granite hills.

PEP-O-MINT LIFESAVERS

After a good smoke, one good taste deserves another that Candy Mint with the hole. Pick up a packet anywhere for a nickel!

Book of Knowledge

Sketches by Bessey.
Synopsis by Braucher.

DRAKE'S PERSISTENCE

Things did not go smoothly for Edwin Drake when he left the railway service where he had been a conductor, to drill for oil. He started operations in a field unknown to him, in Titusville, Pa., in 1848. Tools were hard to get and work was delayed until 1859. A tube was driven down to rock and workmen began to drill, making about three feet a day.

By NEA, Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-26.

Money was scarce and several times Drake feared he would have to abandon the work. He borrowed the money and carried on.

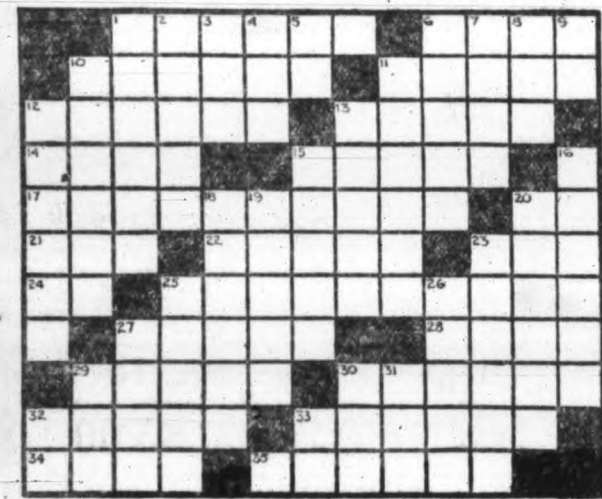

On Aug. 28, 1859, just before quitting time, the drill moved easily. Sunday a workman visited the well and found it full of oil.

A pump was attached next day and the well was found to yield 20 barrels of oil a day. The whole region went wild. Every foot of land along the creek was bought or leased and wells were sunk in every direction. Many grew rich almost at once. But Drake, who did not try to buy or lease other land, died poor where others gained millions by his discovery.

Sketches and Synopses, Copyright, 1920, The Collier Society. (To Be Continued)

HORIZONTAL

- To write hastily and carelessly.
- A blister.
- Sailor's baked dish.
- To implore.
- Flouts.

- Crippled.
- Night preceding a holiday.
- To exist.
- Clothes.
- The mouth of a sewer.
- Permanence to the backbone.
- To classify.

(Solution of Saturday's Puzzle)

To-morrow's Horoscope

TUESDAY, MAY 29

Unusually menacing aspects are discovered in this day's horoscope, according to astrology, which finds malefic planets dominant.

It is a day when there may be nervous tension and serious irritability. Avoid family discussions. Neptune is in a place that is supposed to affect the mind so that values are distorted and wrong ideas fostered.

Propaganda inimical to the government and inciting toward radical policies probably will be widely distributed under this direction of the stars. All who desire to win public favor should be exceedingly wary of pitfalls that may be numerous while this rule prevails.

Women are subject to inimical influences to-day, for their best intentions may be easily misunderstood. This is read as an unlucky wedding day since there may be frequent misunderstandings and quarrels between men and women who are married under this aspect. Children born on this day usually are extremely lucky. Many gains through inheritance or friendships.

really good plays are made, but this is merely a temporary phase, the stars explaining. Contrariness and stubbornness are supposed to be prevalent under this way and for this reason patience with husbands and children is enjoined. The evening is held to be an auspicious time for taking counsel with older persons. It is a good time to seek advice. Persons whose birthdate it is have the augury of great experience in the coming year, but coarseness may be dangerous to future happiness.
